#### ABOUT OUR COUNCIL PLAN

The Council Plan 2017-2021 was adopted at the 26 June 2017 Special Council meeting and forwarded to the Minister for Local Government as per Section 125 of the Act.

The development of the Council Plan 2017-2021 included extensive community consultation which spanned over five months.

Our Council Plan 2017-2021 is reviewed annually to comply with Sections 125 and 126 of the Act. This document is the 2020 Revision of our Council Plan.

### MAYOR & CEO'S MESSAGE

We acknowledge the genuine hardship being experienced in our community as a result of the Covid-19 Pandemic. These are unprecedented times for us all and we understand Wangaratta's recovery from the health, economic and social impacts will take considerable time. Council has put in place immediate actions aimed at relieving the financial pressure on individuals, businesses and community groups in the short term, including flexible payment options for those in the most financial need. As the ongoing impacts of Covid-19 continue to develop Council will put in place more, longer term measures. Over coming months this will require revisions to the Draft Budget which accompanies this Council Plan Revision, as the Budget has been prepared separately to the ongoing work Council is undertaking to support our community through Covid-19 and plan for our recovery.

Our community has faced challenge after challenge in 2020 and it is under these circumstances that we present the Draft 2020 Revision of the Council Plan 2017-2021.

This is the final year of the four year Council Plan as elections are planned to take place in October of this year.

With this in mind, the 2020 Draft Revision highlights many ongoing projects that will come to fruition throughout the coming 12 months.

We are delighted that Council will complete the construction of the new aquatic facilities at the Wangaratta Indoor Sports and Aquatic Centre (WISAC) in 2020/21 and we will commence operating the facilities from November 2020. The transition to council management of the WISAC and surrounding Parklands Precinct represents a significant shift for the Wangaratta community. Council's aim is to create the premiere sporting, aquatic and events precinct in regional Victoria.

The Grit and Resilience Program continues in 2020/21 and this will play a vital role in mobilising our community to strengthen social connections and to better understand and address suicide prevention for people of all ages.

Mayor Dean Rees

CEO Brendan McGrath

Our focus on marketing and branding activities will see Council embark on a large scale promotion and awareness campaign. Following the economic impacts of Covid-19 and January's bushfires, this marketing activity will be critical to our municipality. The marketing activities will target three key areas

- target and attract new businesses to invest in the region (Invest);
- promote our region for residential investment and relocation to the area (Stay); and
- generate awareness of the region as an attractive regional tourist destination (Visit).

The redevelopment of Apex Park with the construction of a regionally significant play space is one of the new initiatives in the Draft Budget and Council Plan. The play space will meet the social and recreational needs of a wide age group – ranging from equipment for young children and their parents, to a Parkour element for older children and adults. This is an ideal development for Apex Park and will be the jewel in the crown of the Ovens Riverside Precinct.

Council will also advocate for additional relief and recovery funding to further support the community. In this year more so than in any other recent time, Council is keen to hear your thoughts and submissions on the Draft 2020 Revision of the Council Plan, and which initiatives are most important to you.

Underpinning all our activities is a commitment to the health and wellbeing of our community. While projects and new initiatives are highlighted here, it is the things Council does day in day out that make the biggest difference to our community. From our Aged and Community care workers, to Maternal Child Health nurses and waste truck operators, our people are always here to serve the community, through emergencies and in better times.

## OUR COMMUNITY PROMISE

We promise that we will work our hardest to be a team you can be proud of.

We will not settle for just being seen as the level of government closest to the community - because we see ourselves as part of the community. We will respond to the challenges that face us both as an organisation and as a community, and we will be courageous when hard decisions need to be made. We will lead when our people need us to, and we will work with others to help get the things that really matter happening. We will not be shy to celebrate our success and the success of people in our community – we are proud of what we achieve.

We may not always be able to give you the answers that you want to hear but we promise we will always tell you the truth. We will take the time to talk to you, to listen to you and to help you, and we will always keep you informed of the things you need to know. We will respect the past, and the things that have come before us – whilst being excited and focused on the future. We will look after your tomorrow.

We will acknowledge and respect our position as decision makers, rule enforcers and fee collectors, but we will do so with a humble and responsible approach. We will deliver the things that remind you every day why it's great to be part of our community.

As a team we will continue to look for ways to create, to imagine and to improve. We will focus on understanding ways we can be better at what we do, easier to work with and deliver our services more efficiently. Above all we promise that we will remain driven by the desire to work with you to build an exciting, prosperous and sustainable future.

#### WHAT DOES OUR PROMISE MEAN

It means that from now on we will do things better. We will think differently and approach things in a way that means we will constantly explore opportunities to improve the way we deliver services, communicate and support our community. We will always be looking for ways we can be exceptional in how we conduct our business.

It means that we will set very high standards for ourselves and how we go about doing our work. We think that the best way of seeing what we are really capable of is to set the bar incredibly high. We will hold ourselves accountable and we want you to come to expect these standards from us.

We know that to improve we need to encourage, and be responsive to, feedback. We will actively ask for ways that we can better support people, deliver projects and initiate change. To do this well, we will be clear in Our Non-Negotiables - there are things we need to do, decisions we need to make and boundaries and guidelines we have to work within. We will get better at making sure people understand what these are.

Our Community Promise also means that we have expectations of the people we will work with. We promise to be respectful and positive and we will work hard to develop relationships where this should be mutual. It's not ok with us for people to be deliberately mean, derogatory or cruel. We will not engage in conversations that are disrespectful to people in our organisation or our community. We believe that as a community the best way we can achieve an exciting future is to support, encourage and celebrate each other.

We know we have some work to do. This Community Promise is an enormous commitment and whilst we are excited to achieve it we are also aware that we need to start making change. You will notice this change, experience our new way of doing things and begin to see us differently.

### OUR PLAN

As your Council we have a diverse role in how we support, provide for and protect our community. Roads, waste collection and legislation are a key foundation for Council - but we also do more. Whilst we work closely with other levels of government, we are much more than an advocacy group. It is our job to understand the needs and priorities of our community and we focus on achieving them today, and for our future. The pillars are our goals. The outcomes we are working, in partnership, to achieve with our community.

### THE PILLARS

### HOW WE DELIVER WHAT'S IMPORTANT

#### UNDER EACH OF THE PILLARS WE HAVE CONSIDERED THE FOLLOWING:

#### **OUR STRATEGIC OBJECTIVES**

These are the outcomes that we hope our work will achieve over the life of the Council Plan.

#### WHAT YOU WILL SEE IN 2020/2021

These are the major actions and initiatives that you will see us implement during the 2019/2020 financial year. They have been budgeted for, and we have prepared the resources to achieve them. These are the things that will help us reach our strategic objectives.

#### OUR TARGETS

They measure our progress against what is important and allow both ourselves and everyone in our community to understand the impact our actions are having. The targets are linked to Our Strategic Objectives.

#### **OUR NON-NEGOTIABLES**

These are the things that we know we must achieve. We know because our community has told us these things are vital, because the law requires them of us, or because we understand the impact these matters have on our quality of life. Our Non-Negotiables tend to be longer-term priorities for us, they are the things that will be important to consider and focus on for longer than just the life of this plan.

#### WHAT WE WILL DO EVERY DAY

There are many things that we do as part of our every day work that contribute to the health, wellbeing and sustainability of our municipality. These actions are important, they are the things that people in our community and our visitors will see and experience.

### WE WILL PLAN, RESEARCH AND ADVOCATE FOR THE FUTURE

As part of our role we are continually working to understand and advocate for the needs of our community. We seek to work with our community, our partners and our stakeholders to understand the things that matter, and to remain on top of the things that need our attention and support. We utilise our position to help ensure that other levels of government, service providers, organisations and businesses are aware of what our community needs.

A core part of our responsibility is to make decisions that impact our community and the region. Decisions we make can relate to the now, but they can also have wide reaching impacts on future generations. Many of the decisions we are required to make are complex, and require the careful consideration of legislation and financial implications, as well as the social, economic, cultural and environmental needs of our community.

#### COUNCIL PLAN 2017-2021

#### WE CREATE AND DELIVER

There are many elements of what we do that relate to the creation and maintenance of projects, facilities and assets in our communities. From constructed assets such as roads and footpaths, to events that bring us all together, Council has an integral role in delivering the things that make our community a safe, connected and enjoyable place to live and visit.

#### WE FOCUS ON OUR BUSINESS

We know that to be great at what we do, we need to have an efficient, effective and sustainable business. This is why we focus on making sure that we are developing our team, continually reviewing our services and planning for our future.

#### THE FINE PRINT

These are the plans and documents that guide our organisation and give direction to the work we do. They are the context to how we make decisions, allocate resources and implement projects. Many of them have a life that is longer than this plan.

#### WHO ARE WE?

Throughout this document we refer to Council as 'we'. When we say this we mean the collective of Councillors and Council officers. We all have different roles and responsibilities but together we are focused on delivering the outcomes articulated within this Council Plan.
