5. Where no submissions are received for a revised policy, resolves to approve that revised policy without further resolution.

Background

The Local Government Act 2020 (the Act) requires the Council to establish several governance policies by 1 September 2020, including:

- Governance Rules under section 60
- an Audit & Risk Committee Charter under section 53
- a Council Expenses Policy under section 41
- a Public Transparency Policy under section 57

Implications

Policy Considerations

Establishment of a Council Expenses Policy has required a revision of the Councillor Support Policy.

The new and revised policies are based on model policies released by the Department of Environment, Land, Water and Planning together with the current provisions of related Council policies and local laws.

Financial/Economic Implications

There are no financial or economic implications identified for the subject of this report.

Legal/Statutory

All the policies are major council policies. Consequently, the provisions of the Major Council Policy Consultation Local Law (the local law) apply.

The Act requires the Council to establish the policies. This power cannot be delegated. The Act also sets out the content of each policy.

Eventual adoption of governance rules under the Act will cause much of the Governance & Meeting Conduct Local Law to become redundant. It will need to be amended or revoked at some point in the future.

Social

There are no social impacts identified for the subject of this report.

Environmental/Sustainability Impacts

There are no environmental/ sustainability impacts identified for this subject of this report.

Council Plan

This report supports the 2017-2021 Council Plan by supporting a sustainable organisation through good governance and council decision-making.

Risk Management

There are no significant risks associated with the subject of this report.

Consultation/Communication

| Level of public participation | Promises to the public/stakeholders | Tools/Techniques |
|----------------------------------|--|---|
| Inform | Draft new and revised policies are available for public review | Public notice and drafts exhibited on the council website |
| Consult | Public invited to make submissions over a 4- week period | Written submissions accepted. Persons may be heard regarding their submission if requested. |

Options for Consideration

- 1. Council may endorse the policies for public consultation; or
- 2. Council may wish to further revise the policies prior to public consultation.

Conclusion

The new and revised policies are required under the Act, and the process recommended ensures compliance with the local law.

7.2 COUNCIL BUDGET REPORT 2020/21

| Meeting Type: | Special Council Meeting |

| Date of Meeting: | 30 June 2020 |
| Author: | Manager Finance |
| File Name: | NA |

Executive Summary

This report is presented to Council to consider adopting the 2020/21 Budget in Attachment 1 *(refer attachment)*. This report notes the submissions received and Council Officer recommendations.

Whilst the Local Government Act 2020 received Royal Assent on 24 March 2020, provisions governing the annual budget setting process do not commence until 24 October 2020. This year's process therefore follows the requirements of Section 223 of the Local Government Act 1989 ('The Act'), which still apply.

RECOMMENDATION:

That Council, in accordance with Sections 127 and 223 of the Local Government Act 1989:

- 1. Considers submissions made regarding the Draft 2020/21 Budget and makes changes to the Draft 2020/21 Budget as follows:
 - a. increases expenditure by \$8,000 in 2020/21 for a contribution to Into Our Hands Foundation in response to the submission from submitter 5
 - b. increases expenditure by \$5,000 in 2020/21 for Albury Wodonga Carer Accommodation Centre in response to the submission from submitter 9
 - c. decreases capital works expenditure by \$300,000 and decreases contribution income by \$200,000 for the removal of the Ivones Bridge upgrade project in response to the submissions from submitters 10, 11, 12 and 13
 - d. increases the 2020/21 recycling bin charge from \$144 to \$149
 - e. increases operating income by \$6.618 million as a result of officer submissions detailed in this report and the above noted public submissions
 - f. increases operating expenditure by \$459,000 as a result of officer submissions detailed in this report and the above noted public submissions

- g. increases capital works expenditure by \$5,020,150 as a result of office submissions detailed in this report and the above noted public submissions
- h. creates the Business & Community Recovery Grants Program, with budgeted expenditure of \$372,867 in 2020/21
- 2. Adopts the 2020/21 Budget at Attachment 1 to this report for the purposes of Section 130 of the Local Government Act 1989;
- 3. Authorises the Chief Executive Officer to give public notice of Council's decision to adopt the 2020/21 Budget in accordance with Section 130(2) of the Local Government Act 1989;
- 4. Notifies in writing each person or persons who made a submission of the decision and the reasons for that decision, in accordance with Section 223(1)(d) of the Local Government Act 1989;
- 5. Forwards a copy of the 2020/21 Budget to the Minister for Local Government in accordance with Section 130 of the Local Government Act 1989;
- 6. Authorises the Chief Executive Officer to sign a deed of variation to the existing recycling contract to reflect the increase in cost detailed in the confidential attachment; and
- 7. Requires the 2020/21 Quarterly Budget Reports to include an explanation of any material variations to the estimated Covid-19 financial impacts contained in the 2020/21 Budget.

<u>Background</u>

Council considered the Draft 2020/21 Budget at the Ordinary Council Meeting held 5 May 2020 and resolved to commence the statutory consultation process in accordance with Section 223 of the Local Government Act 1989.

The Act provides that a council must:

- Prepare a budget for each financial year Section 127(1).
- Ensure the budget contains financial statements, a description of services and initiatives, prescribed indicators of service performance and a statement as to how these will contribute to achieving the strategic objectives specified in the Council Plan required by the regulations – Section 127(2)(a)(e).
- Give public notice of a proposed budget and make it available for public inspection for at least 28 days Section 129(1) and (3)(b); so, submissions may be made in accordance with Section 223 of the Act.
- Adopt the budget and submit a copy to the Minister by 30 June each year Section 130(3)(4) (extended to 31 August 2020 due to Covid-19).

Impact of Covid-19 on the 2020/21 Annual Budget

The Draft Budget issued was largely prepared before Covid-19 began to have an impact on the world. This Budget has now been further revised to incorporate those financial impacts of Covid-19 that Council has been able to anticipate based on the latest government regulations.

The impact of Covid-19 on Council's financial performance for 2019/20 is now largely quantified, with decreased revenues and cash collections and increased expenditure. Council has been able to successfully offset these impacts through prudent financial management including postponing select Capital Works and reducing non-essential spends.

Council has assessed the likely financial impacts of Covid-19 on its 2020/21 Budget and has estimated an unfavourable impact of \$430,000 and is set out in Attachment 2 (*refer attachment*). This unfavourable impact is in addition to the financial elements of the Community Support Package below. Ongoing updates will be provided to Council on the management of council finances and reallocation and proactive re-prioritisation of funding and initiatives.

This Budget seeks to maintain current levels of service but also starts to highlight the challenges that Council needs to work through to return to a long term adjusted underlying surplus and strong working capital position. The impact of COVID-19 compounds these challenges.

New Community Support Package for 2020/21

The health and wellbeing of our community and of council staff is at the forefront of our minds and we acknowledge the genuine hardship being experienced in our community as a result of the Covid-19 Pandemic.

Those most in need will benefit from a range of new financial assistance measures included in the 2020/21 Budget.

The 2020/21 Budget now includes a new and ongoing **Community Support Package** which will start on 1 July 2020. Most notably Council will waive in part or in full some business fees and charges for 2020/21. This will reduce Council's income by \$111,295. In addition, Council will launch a Business & Community Recovery Grants Program, providing \$372,867 of financial support to businesses and community groups. For ratepayers, Council's Financial Hardship Policy is in place for times such as these and we encourage those who need it to call or email the Customer Service team to put a flexible payment plan in place.

<u>Highlights</u>

The Budget will fund the final stages of the 2017-2021 Council Plan, including some record-breaking capital works for the Rural City of Wangaratta, not least completion of the Wangaratta Aquatics Project (an Outdoor 50m Pool, Hydrotherapy Pool, Splash Pad, car park, solar panels and plant upgrade), and regeneration of the Railway Precinct. This period of substantial capital works delivery would not have been possible without the success of attracting significant State and Federal grant funding, supplemented by ongoing borrowings where Council continues to be able to capitalise upon low interest rates.

Following the recent years of substantial investment, Council's overarching approach to this Budget is to now begin pairing back spending to a long-term sustainable level. The Budget prioritises completion of in-progress capital works and asset renewal/maintenance activities whilst reducing the number of new big-ticket initiatives.

A number of significant changes have occurred since Council released its Draft Budget and these changes are summarised in the attached Officer Recommendations along with a summary of the public submissions received are set out in Attachment 2 *(refer attachment)*.

<u>Summary</u>

The Budget provides for:

- total operating income of \$76.458 million
- total operating expenditure of \$70.397 million
- an operating surplus of \$6.061 million
- capital works expenditure of \$29.876 million.
- total new borrowings of \$18.291 million

Grant Funding

Council has recently secured grant funding of \$696,900 to support our drought affected communities to manage the negative impacts of pests and weeds, stimulate local employment and economic activity and contribute to the government's broader biosecurity objectives. Additional grants of \$2.5m have also been included in the budget in anticipation of future funding as a result of Council advocacy work to benefit local roads and community infrastructure. These programs will provide a much-needed boost to the communities in our municipality and will allow Council to complete more infrastructure upgrades.

Rates Revenue

The 2020/21 Annual Budget includes a total rate increase of 2.00 per cent, which is in line with next year's Fair Go rates cap. This is a reduction on the 2.50 per cent rate cap increase in 2019/20 and is required to ensure that Council can maintain revenues in line with inflation to fund the projects and services that our community values into the future.

A one-off rate increase of 5% has also been factored in to the 2022/23 financial year. We anticipate that there will be a need to invest in the recovery of the municipality following COVID-19. Waiting until 2022/23 allows for a period of economic stability following the impact of COVID-19 as well as for significant community consultation which must be undertaken prior to any rate increase above the standard Fair Go Rate Cap. Council would also need to obtain approval from the Essential Services Commission. Prior to any such consultation commencing, Council will engage the community in the creation of a refreshed Community Vision and development of the next Council Plan. In the short term, Council will also undertake a review to identify any opportunities to further reduce operating costs and will only engage the community on a possible one-off rate increase as a position of last resort.

As of 1 July 2018, revaluations are conducted annually, with the Valuer General being the sole valuation authority. The majority of the revaluation has been

completed. The current valuation is due for completion in June 2020, with valuations effective from 1 January 2020. Refer to additional comments below under Legal/Statutory for details of changes in valuations from the Draft Budget.

Fees & Charges

Waste charges are proposed to increase by 6% for kerbside waste and organic collection services. An increase of 10% will apply to recycling charges.

The waste industry is undergoing rapid change, in part as a result of China's ban on processing recycling material. With the turbulence in this sector, recycling costs continue to rise. Given this turbulence the State Government has issued a statewide exemption to allow for the renegotiation of recycling contracts. The Minister for Local Government has provided Section 186 exemptions to all councils so that recycling contracts can be re-negotiated without the need to go through normal procurement processes. Negotiation has occurred with Council's current recycling contractor which has resulted in a proposed \$5.00 increase per recycling bin. This increase is in addition to the recycling charge disclosed in the Draft 2020/21 Budget. A deed of variation needs to be signed by both parties to formalise this change (**refer confidential attachment**).

To assist pensioners with the increased recycling costs, Council will continue to fund the additional Pensioner support that was first introduced in 2018/19 through a rebate of approximately \$43,000.

The State Government has also announced that an increase to the waste levy will become effective on 1 January 2021. This increase in the waste levy will be introduced progressively over the coming years and Council will subsequently review its charges for kerbside waste collection for the 2021/22 year.

Depreciation

Depreciation expense has decreased by \$3.9 million compared to the Draft Budget. Council's road assets have been over-depreciated in prior years and a number of these assets have now been fully depreciated. This has had the impact of understating Council's operating surplus for 2018/19. Depreciation expense has been revised down for both 2019/20 and 2020/21 and this has significantly improved Council's operating surplus position.

A revaluation of Council's road assets will be undertaken in 2020/21 and any subsequent increase in depreciation expense for 2020/21 will be reported via the budget revision process.

Capital Works

Highlights of the Capital Works program include:

- \$2.55 million on local roads and community infrastructure projects
- \$1.8 million on resheeting gravel roads across the municipality. This represents more than 2.5 times the amount spent on gravel resheeting in 2015/16.
- \$1.5 million will be spent on developing a Regional Playspace at Apex Park. The playspace will meet a range of social and recreational needs of a wide age group – ranging from equipment for young children and parents, to a Parkour element for older children and adults.

- Completion of the construction of the new aquatic facilities at the Wangaratta Indoor Sports and Aquatic Centre (WISAC). The completion of construction works will be coupled with Council commencing operating the facilities from November 2020.
- Commencement of works at the former Olympic pool site. More details will be shared in the coming months as the community consultation is finalised for the Wareena Park Masterplan.
- Completion of the Railway Precinct works, with \$5.2 million to be spent during 202/21.
- \$200,000 on public toilet renewal and upgrade works.
- \$756,000 on continuing the implementation of improved Information and Communications Technology (ICT) throughout the organisation. This will modernise the systems and tools Council use to deliver services.

Implications

Policy Considerations

The 2020/21 Budget contains programs and initiatives that support Council policy.

Financial/Economic Implications

Council has prepared the 2020/21 Budget in accordance with the principles of sound financial management and its adoption will ensure long term financial viability.

Detailed information on relevant aspects of the 2020/21 Budget are contained in Attachment 1.

The implications of the 2020/21 Budget and assumptions made for future years are embodied in Council's Strategic Resource Plan.

The key financial information contained within 2020/21 Budget includes:

- 1. The estimated total amount to be raised by general rates is \$28.120 million.
- 2. The estimated total amount to be raised by a municipal charge is \$Nil.
- 3. The estimated total amount to be raised by waste collection charges (garbage, organics and recycling) is \$6.933 million.
- 4. That an amount of \$18.291 million be borrowed. The borrowings will fund the new developments of the Regional Playspace and Mitchell Avenue Children's Garden. The funds will also be applied to capital works projects undertaken in earlier years such as the Cruse Street development, and CBD masterplan improvements for the Railway Precinct and King George Gardens.
- 5. The cost of servicing borrowings during the financial year will be \$0.498 million.
- 6. The total amount of loans proposed to be redeemed during the financial year will be \$0.357 million.
- 7. The total amount of borrowings at 30 June 2021 will be \$34.485 million.

Legal/Statutory

The 2020/21 Budget has been prepared in accordance with the Local Government Act 1989, the Local Government (Planning & Reporting) Regulations 2014 and Australian Accounting Standards. The presentation of the 2020/21 Budget is in a format as a model of best practice and contains a comprehensive assessment of Council's financial position and proposed revenue and expenditure.

The 2020/21 Budget has been prepared with a strong focus on long term financial sustainability of the Council and responsible financial management.

Council prepared its 2020/21 Draft Budget (including the calculation of proposed rates in the dollar) based on Stage 3 valuations. The 2020/21 Budget has been updated to include Stage 4 (final stage) valuations. In undertaking any revision in the rate in the dollar between proposed budget and adopted budget, council is required to assess the materiality of any such change.

Consideration of materiality in this context may apply to a range of factors such as the magnitude of any variation to the rate in the dollar, the magnitude of any changes in the distribution of rates across different property classes, or the magnitude of any changes in the mix between rates and service charges.

It is considered that the changes are not material as indicated below:

- The rate in the dollar to be levied as general rates under section 158 of the Act has changed from the Draft 2020/21 Budget to the 2020/21 Budget by 0.43%.
- The estimated total amount to be raised by general rates in relation to each type or class of land, and the estimated total amount to be raised by general rates has changed from the Draft 2020/21 Budget to the 2020/21 Budget by between -\$70,000 to \$103,000, with the majority of changes occurring due to properties being reclassified from one type or class of land to another.
- The estimated total value of each type or class of land, and the estimated total value of land has change from the Draft 2020/21 Budget to the 2020/21 Budget by between -\$7.592 million to \$10.866 million.

Social

The 2020/21 Budget contains programs and initiatives that will have a positive social benefit, such as the creation of a Business and Community Recovery Grants Program, support for Grit & Resilience mental health initiatives, improved play spaces for children, and improved sport and recreation facilities.

Environmental/Sustainability Impacts

The initiatives funded by the 2020/21 Budget aim to contribute to environmental enhancement and sustainability. These initiatives have a strong focus on economic sustainability and protection.

Executive Summary

This report is presented to Council to adopt the Council Plan 2017-2021 (2020 Revision).

RECOMMENDATION:

That Council:

- 1. Adopts the Council Plan 2017-2021 (2020 Revision) attached to this report for the purposes of Section 125 of the Local Government Act 1989 (the Act)
- 2. Adopts the Strategic Resource Plan 2017-2021 (2020 Revision)
- 3. Notes that no submissions were received relating to the Council Plan
- 4. Approves the forwarding of the Council Plan 2017-2021 (2020 Revision) including the Strategic Resource Plan to the Minister for Local Government.

Background

Sections 125 and 126 of the Local Government Act 1989 (the Act) require that Council at least once in the financial year reviews its Council Plan and Strategic Resource Plan to determine if they require any adjustments and if so, amend and adopt those changes.

Following the Draft Council Plan 2017-2021 (2020 Revision) being placed on public exhibition and amendments being made, Council Officers now present the Council Plan 2017-2021 (2020 Revision) to Council for adoption.

Impact of COVID-19 and 2020/21 Community Support Package

The health and wellbeing of our community and of council staff is at the forefront of our minds and we acknowledge the genuine hardship being experienced in our community as a result of the Covid-19 Pandemic. These are unprecedented times for us all and we understand Wangaratta's recovery from the health, economic and social impacts will take considerable time.

On 8 April 2020 Council put in place immediate actions aimed at relieving the financial pressure on individuals, businesses and community groups in the short term. During the consultation period for this Council Plan (2020 Revision), a new Community Support Package for 2020/21 has been developed, to further assist recovery.

The 2020/21 Community Support Package contains financial assistance measures valued at \$484k including:

- The creation of a new Business and Community Recovery Grants Program worth \$372k;
- 50% reduction in Business Premises Registration Fees (for businesses such as cafes, restaurants and beauty salons);
- Waiving upcoming renewal fees for caravan parks;
- Waiving fees for footpath trading permits (a permit is still required but will be free for signage and outdoor dining permits);
- 50% reduction in building and planning permit fees for community groups;
- No ground fees for sporting clubs until 1 October 2020.

Individuals having difficulty paying their rates will continue to be offered access to Council's Financial Hardship Policy. Implications

Policy Considerations

The Council Plan details the Council's strategic objectives, key strategic activities and actions required to achieve those objectives. The strategic objectives outlined within the Council Plan influence a number of strategies, frameworks and policies within Council.

Financial/Economic Implications

The Strategic Resource Plan aligns with the Budget FY2020/21. The Strategic Resource Plan has been amended to include changes made to the Draft Budget FY2020/21 following the preceding period of public consultation. The approval of the budget details how Council will fund the strategic intent of the Council Plan.

Legal/Statutory

The review of the Council Plan is a legislative requirement and has been undertaken to meet the requirements of Sections 125, 126 and 223 of the Local Government Act.

Whilst the Local Government Act 20920 received Royal Assent on 24 March 2020, provisions governing the Council Plan revision process do not commence until October 2020. This year's process therefore follows the requirements of the Local Government Act 1989 ('The Act'), which still apply.

Social

The strategic objectives contained in the revised 2017-2021 Council Plan (2020 Revision) aim to contribute to the overall health and social wellbeing of our community. Positive social outcomes will be achieved by the delivery of key initiatives and Council's ongoing advocacy and partnership that focus on delivering benefits and opportunities for residents and visitors of the municipality.

Following public exhibition of the Draft Council Plan (2020 Revision) and Draft Budget 2020/21, a new Business and Community Recovery Grants Program has been included to provide additional relief and recovery assistance to the community due to Covid-19 and the recent bushfires.

Environmental/Sustainability Impacts

The strategic objectives contained within the Council Plan 2017-2021 (2020 Revision) aim to contribute to environmental enhancement and sustainability. The Council Plan has a strong focus on environmental sustainability and protection.

Consultation/Communication

Following the endorsement of the Draft Council Plan 2017 - 2021 (2020 Revision) at the Ordinary Council Meeting on 5 May 2020, the plan was placed on public exhibition for 28 days inviting submissions from the community.

No written submissions were received in direct relation to the Council Plan. 18 submissions were however made in response to the Draft Budget that supports this Council Plan. These submissions are reported in the 'Council Budget Report 2020/21', also in this agenda.

Officers believe that appropriate consultation has occurred and the matter is now ready for Council consideration.

Options for Consideration

- 1. Adopt the Council Plan 2017 2021 (2020 Revision) in the current state (refer to Attachment); or
- 2. Council recommends changes to the Council Plan 2017 2021 (2020 Revision) which are required to be made prior to the document being published on Council's website and issued to the Minister for Local Government

Conclusion

The Council Plan 2017 - 2021 (2020 Revision) is presented to Council for adoption.

Council will continue to review the Council Plan on an annual basis and where required, make amendments to reflect the community aspirations and to ensure the Council Plan continues to reflect and guide the strategic direction of Council, informing our service delivery, resource allocation and advocacy.

- (5) The chairperson may defer an item of business in respect of which there is, or is likely to be, a disclosure of a conflict of interest by one or more councillors that will cause a quorum to be lost, and direct the Chief Executive Officer to include that item of business on an agenda for a future Council meeting.
- (6) Where a quorum cannot be achieved or maintained due to the declaration of conflicts of interests by the majority of councillors, the Council must:
 - (a) determine the matter will be considered in separate parts, if a quorum can be maintained for each separate part; or

(6) The Chief Executive Officer may advise Council that the response to a question should be given in a meeting closed to members of the public. The Chief Executive Officer must briefly state the reason why the response should be so given and, unless Council resolves to the contrary, the response to the question must be given in that way.

13. Petitions and joint letters

13.2 Online or electronic petitions

- (1) An online or electronic petition may be presented to a scheduled Council meeting.
- (2) An online or electronic petition must not be presented to a scheduled Council meeting if it contains signatures that are false or misleading.
- (3) The number of signatories to an online or electronic petition will be taken to be the number of signatories at the time the petition is submitted to Council.

13.3 Procedure for considering petitions

- (1) The Chief Executive Officer must arrange for a petition that meets the requirements of rule 13.1 to be listed for presentation at the next scheduled Council meeting.
- (2) Only the petition text, the number of signatories and a brief introduction providing context for the petition will be included in the agenda.
- (3) Where a petition is addressed to a councillor, and listed in the agenda, that councillor may read the petition out at the meeting without speaking to it.
- (4) A councillor presenting a petition must ensure that:

- (a) they are familiar with the contents and purpose of the petition; and
- (b) the petition is not defamatory or objectionable in language or nature.
- (5) Where a petition is not addressed to an individual councillor, and listed in the agenda, the petition must be read by the Chief Executive Officer or delegate.
- (6) The only motions that may be considered on any petition are:
 - (a) that the petition be received; or
 - (b) where the petition relates to an item listed on the agenda, that the petition be considered in conjunction with that agenda item; or
 - (c) that the petition be referred to the Chief Executive Officer for consideration and response; or

- (10) Where a petition relates to a matter which is the subject of a community engagement process under the Act, the petition will be treated as a joint submission in relation to that matter.

14. Motions and debate

14.1 Allowing motions

The chairperson must not accept any motion which:

- (a) is defamatory; or
- (b) is objectionable in language or nature; or
- (c) is vague or unclear in its intention; or
- (d) is outside the powers of the Council; or
- (e) is not relevant to an item of business on the agenda and has not been admitted as urgent business; or
- (f) purports to be an amendment but is not.

14.2 Speaking times

- (1) Unless a motion for an extension of speaking time has been carried, the maximum speaking times are in the case of:
 - (a) the mover of a motion or amendment, 5 minutes;
 - (b) the mover of a motion when exercising their right of reply, 2 minutes; and
 - (c) any other speaker, 3 minutes.
- (2) A motion for an extension of speaking time must be proposed before the initial speaking time, for that speaker, expires.
- (3) A motion for an extension of speaking time must not be accepted by the chairperson if another councillor has commenced speaking.
- (4) Only one extension of speaking time is permitted for each speaker.
- (5) Any extension of speaking time must not be more than two minutes.

14.3 Procedure for moving a motion

- (1) The procedure for moving a motion is as follows:
 - (a) The mover must outline the motion without speaking in support of it;
 - (b) The motion must be seconded by a councillor other than the mover;
 - (c) Where a motion is not seconded, the motion lapses for want of a seconder;
 - (d) Where there is a seconder, then the chairperson must call on the mover to speak to the motion;
 - (e) After the mover has spoken to the motion, the seconder may also speak to the motion;
 - (f) After the seconder has spoken to the motion (or after the mover has spoken to the motion if the seconder does not speak to the motion), the chairperson must call on any councillor who wishes to speak against the motion, then on any councillor who wishes to speak for the motion, after waiting until all councillors wishing to speak to the motion have spoken;
 - (g) Where no councillor wishes to speak against the motion, then the chairperson may put the motion to a vote or call on any other councillor to speak.

14.4 Right of reply

- (1) The mover of a motion, which has not been amended, may, once debate has been exhausted, exercise a right of reply to matters raised during debate.
- (2) No new matters may be raised in the right of reply.
- (3) Where no councillor has spoken against a motion, there will be no right of reply.
- (4) After the right of reply has been exercised, the motion must immediately be put to the vote without any further discussion or debate.

14.5 Moving an amendment

- (1) A motion, which has been moved and seconded, may be amended by leaving out, inserting, or adding words, which must be relevant to the subject of the motion.
- (2) An amendment may be proposed or seconded by any councillor, except the mover and seconder of the original motion.
- (3) Where a councillor proposes an amendment and the original mover and seconder of the motion both indicate their agreement with the amendment, the amended motion becomes the substantive motion without debate or vote.
- (4) Where a councillor proposes an amendment to which either the mover or seconder does not agree, the following will apply:
 - (a) the amendment must be moved and seconded;
 - (b) a councillor may speak on any amendment once, whether or not he or she has spoken to the motion, but debate must be confined to the terms of the amendment;
 - (c) any number of amendments may be proposed to a motion, but only one amendment may be accepted by the chairperson at any one time. No second or subsequent amendment, whether to the motion or an amendment of it, may be taken into consideration until the previous amendment has been dealt with and voted on;
 - (d) where the amendment is carried, the motion as amended then becomes the motion before the meeting (known as the *substantive motion*); and
 - (e) the mover of an amendment does not have right of reply.

14.6 Foreshadowing motions

- (1) At any time during debate a councillor may foreshadow a motion so as to inform the Council of their intention to move a motion at a later stage in the meeting, but this does not extend any special right to the foreshadowed motion.
- (2) A motion foreshadowed may be prefaced with a statement that, in the event of a motion before the meeting being resolved in a certain way, a councillor intends to move an alternative or additional motion.
- (3) A motion foreshadowed has no procedural standing and is merely a means to assist the flow of the meeting.
- (4) The minutes of the meeting will not include foreshadowed motions unless the foreshadowed motion is subsequently formally moved as a motion.

14.7 Withdrawal of motions

Before any motion is put to the vote, it may be withdrawn with the agreement of the Council.

14.8 Separation of motions

- (1) Where a motion contains more than one part, a councillor may request the chairperson to put the motion to the vote in separate parts.
- (2) The chairperson may decide to put any motion to the vote in separate parts.

14.9 Motions moved in a block

The chairperson may allow like motions to be moved, or request councillors to move like items, in a block, only if the motions note actions already taken and will not commit the Council to further action, spending or changes to policy.

14.10 Motions in writing

- (1) All motions, except procedural motions, must be submitted in writing.
- (2) The chairperson may adjourn a meeting while a motion is being written or may request the Council to defer the matter until the motion has been written, allowing the meeting to proceed uninterrupted.

14.11 Debate must be relevant to the motion

- (1) Debate must always be relevant to the motion before the meeting, and, if not, the chairperson must request the speaker to confine debate to the motion.
- (2) Where, after being requested by the chairperson to confine debate to the motion before the meeting, the speaker continues to debate irrelevant matters, the chairperson may direct the speaker to be seated and not speak further in respect of the motion. The speaker must immediately comply with any such direction.

14.12 Adequate and sufficient debate

- (1) Adequate debate is required where a matter is contentious in nature. In such a case, every councillor should be given an opportunity to participate in the debate.
- (2) A motion has been sufficiently debated if opposing views, where they exist, have been sufficiently put by not so much the number of those who have spoken but whether all opposing views have been put.
- (3) Once the views put are representative of the views of all councillors the debate would be regarded as sufficient.

15. Voting

15.1 How a matter is determined

(1) To determine a motion at a meeting, the chairperson must first call for those in favour of the motion and then those opposed to the motion and must then declare the result to the meeting.

- (2) The chairperson may direct that a vote be recounted to be satisfied of the result.
- (3) In the event of a tied vote, the chairperson must, unless the Act provides otherwise, exercise the casting vote.

15.2 Voting must be seen

- (1) Voting may be by any method resolved by the Council that enables those in attendance and those watching a livestream broadcast to clearly see which way a councillor has voted at the time a vote is taken.
- (2) In the absence of the Council resolving an alternative method, voting on any matter is by a show of hands.

15.3 When a division is permitted

- (1) A division may be requested by any councillor on any vote.
- (2) A request for a division must be made to the chairperson either immediately prior to, or immediately after, the vote has been taken, and may not be made after the meeting has moved to the next item of business.
- (3) When a division is called for the chairperson must:
 - (a) first ask each councillor wishing to vote in favour of the motion to indicate their vote and the chairperson must then state the names of those councillors to be recorded in the minutes; and
 - (b) then ask each Councillor wishing to vote against the motion to indicate their vote and the chairperson must then state the names of those councillors to be recorded in the minutes; and
 - (c) next, ask each Councillor abstaining from voting to-indicate their vote and the chairperson must then state the names of those councillors to be recorded in the minutes; and
 - (d) finally, declare the result of the division.
- (4) Where a division is requested after the original vote has been taken, the motion is decided on the division and the fact that there may be a difference between the result obtained when the original vote was taken and the result obtained on the division must be disregarded.

15.4 No discussion once a vote has been declared

Once a vote on a motion has been declared carried or lost by the chairperson, no further discussion relating to the motion is allowed, unless the discussion:

- (a) involves a councillor requesting that his or her opposition to a resolution be recorded in the minutes or calling for a division in accordance with rule 15.3; or
- (b) is a councillor foreshadowing a notice of rescission where a resolution has just been made, or a positive motion where a resolution has just been rescinded.

16. Procedural motions

- (1) Unless otherwise prohibited, and subject to rule 16(3), a procedural motion may be moved at any time and must be dealt with immediately by the chairperson.
- (2) Procedural motions require a seconder.
- (3) The chairperson may reject a procedural motion if he or she believes the motion on which it is proposed has not been adequately or sufficiently debated.
- (4) Regardless of any other rule, a procedural motion must be dealt with in accordance with the table at rule 16(8).
- (5) A procedural motion may not be moved or seconded by the chairperson.
- (6) Unless otherwise provided, debate on a procedural motion is not permitted and the mover does not have a right of reply.

Major Council Policy Community Impact Statement

Governance Rules; Audit & Risk Committee Charter; Council Expenses Policy; Councillor Support Policy & Public Transparency Policy

Council provides the following information to the community in respect of these proposed new and amended major council policies.

PART A – General

Council is considering making new and amended major council policies because of the commencement of the *Local Government Act 2020* (the Act).

- Governance Rules, that support Council to achieve good governance and decisionmaking. This policy is required to be established under section 60 of the Act by 1 September 2020.
- 2. The **Audit & Risk Committee Charter**, that specifies the functions and responsibilities of the Audit and Risk Committee (ARC). The charter is required to be established under section 54 of the Act by 1 September 2020.
- 3. The **Council Expenses Policy**, that supports councillors and members of delegated committees to perform their role, as defined under the Act, without disadvantage, by ensuring that expenses reasonably incurred in the performance of their role are reimbursed. The policy also provides guidance on entitlements, processes for reimbursement and reporting requirements. This policy is required to be established under section 41 of the Act by 1 September 2020.
- 4. The **Councillor Support Policy**, that supports the Mayor and councillors to perform their role, as defined under the Act, without disadvantage, by making available to the Mayor and the councillors the resources and facilities reasonably necessary to enable them to effectively perform their role. This amendment of the current Councillor Support Policy is required as the expenses sections of the current policy will be made redundant by the introduction of the Council Expenses Policy.
- 5. The **Public Transparency Policy**, that supports the Council in good governance and decision-making through open and accountable conduct and what council information is to be made publicly available. This policy is required to be established under section 57 of the Act by 1 September 2020 to give effect to the public transparency principles.

PART B – Overall Impact Assessment

The policies will enable Council to continue to deliver good governance in its municipal district for the benefit and wellbeing of the municipal community.

The policies have been adapted from previous council policies and the approach recommended by the Department of Environment, Land, Water and Planning (DELWP). No major changes to arrangements are proposed.

The previous council policies and the relationship with the new and proposed policies are described below.

1. Governance Rules

Section 60 of the Act requires Governance Rules to be established under that section to cover:

| Pre | scribed contents (section 60 of the Act) | Related previous council policy | |
|-------------------------------------|--|---|--|
| (a) the conduct of Council meetings | | Governance & Meeting Conduct Local Law | |
| (b) | the conduct of meetings of delegated committees | Governance & Meeting Conduct Local Law | |
| (c) | the form and availability of meeting records | Governance & Meeting Conduct Local Law | |
| (d) | the election of the Mayor and the Deputy Mayor | Governance & Meeting Conduct Local Law | |
| (e) | (da) the appointment of an Acting Mayor | Governance & Meeting Conduct Local Law | |
| (f) | an election period policy in accordance with section 69 of the Act | Election Period Policy | |
| (g) | the procedures for the disclosure of a conflict of interest by a Councillor or a member of a delegated committee under section 130 of the Act | New provisions | |
| (h) | the procedure for the disclosure of a conflict of interest by a Councillor under section 131 | New provisions | |
| (i) | the disclosure of a conflict of interest by a member of Council staff when providing information in respect of a matter within the meaning of section 126(1) of the Act | New provisions | |
| (j) | any other matters prescribed by the regulations | No regulations have been made in relation to section 60 of the Act | |
| (k) | consider and make decisions on any matter being considered by the Council fairly and on the merits | Governance & Meeting Conduct Local Law | |
| (I) | institute decision making processes to ensure that any person whose rights will be directly affected by a decision of the Council is entitled to communicate their views and have their interests considered | Governance & Meeting Conduct Local Law | |

The overall impact of these changes is minimal.

The overall approach employs new terms from the Act, uses simplified wording, is less prescriptive, does not restate the Act & is in the new branding format.

The meeting conduct and election provisions have been imported from the governance and meeting conduct local law other than:

- meeting roles are expanded beyond just the chairperson and now include a delegated committee chairperson, the Chief Executive Officer, councillors, and the community
- the chairperson's role description has been expanded
- display of placards and posters has been added to conduct and behaviour
- the chairperson may remove clause has been expanded to provide more detail around procedure
- the Council or the Mayor may remove a councillor clause reflects a procedure to accommodate a change in the new Act
- the date, time and place of meetings may be altered by the CEO (not just by resolution of the Council)
- the postponement clause allows the CEO or delegate to postpone a meeting in an emergency
- an agenda for a scheduled meeting is to be provided to councillors 5 business days before the meeting as per current practice
- notice of scheduled meetings to be provided to the community on the website as a minimum
- agenda of scheduled meetings published on the website at least 48 hours before a meeting
- notice of an unscheduled meeting to be published on the website as soon as practicable
- agenda of an unscheduled meeting to be provided to councillors at least 48 hours before an unscheduled meeting unless exceptional circumstances
- agenda of an unscheduled meeting to be published on the website at least 24 hours before the meeting
- the rules for managing a quorum to provide for decisions relating to maintaining a quorum being able consider splitting and deferring matters and to be made under delegation if needed
- councillor reports to cover announcements, congratulations, condolences, and recognition statements
- the urgent business clause has expanded controls on the types of matters that cannot be dealt with to ensure that community engagement processes and transparency regarding service levels, budget, policy, or contracts cannot be avoided
- urgent business to be submitted by 3pm on the day of the meeting (currently 4pm)

- provision for the chairperson to temporarily adjourn a meeting exceeding 2 hours for a 10-minute break
- public question time able to consider statements as well as questions
- public question time suspended during an election period
- the time allowed for submitters at public question time is limited to 5 minutes
- petitions with less than 12 signatories to be joint letters and referred to the organisation for an operational response
- the voting must be seen clause introduces the possibility of the Council resolving to use a different method of councillors showing their vote
- procedural motions have been presented in a table format
- notices of motion to be submitted 10 days ahead of a meeting because the agenda is to be provided 5 days before the meeting
- the notice of motion clause has expanded controls on the types of matters that cannot be dealt with to ensure that community engagement processes, natural justice, transparency, and confidentiality regarding service levels, budget, policy, an impacted person's right to be heard, contracts, or litigation cannot be avoided
- the joint councils meeting clause provides a new procedure as a result of the new Act

The election period provisions reference the election period policy adopted by the Council in late 2019.

The conflict of interest provisions reflects the model proposed by DELWP and aims to ensure fair and just decision-making by elected councillors, members of delegated committees and staff providing advice to decision makers.

2. ARC Charter

Section 54 of the Act requires an ARC Charter to be established under that section to provide for the functions and responsibilities of the ARC that will be established by Council under section 53 of the Act. The ARC will replace the Audit Advisory Committee (AAC) established under section 139 of the *Local Government Act 1989*.

Section 54 of the Act requires that an ARC Charter must cover:

| Pre | scribed contents (section 54 of the Act) | Related previous council policy |
|-----|---|---------------------------------|
| (a) | specify the functions and responsibilities of the Audit and Risk Committee | AAC Charter |
| (b) | monitor the compliance of Council policies and procedures with the overarching governance principles | New provisions |
| (c) | monitor the compliance of Council policies and procedures with the Act and the regulations and any Ministerial directions | New provisions |

| (d) | monitor Council financial and performance reporting | AAC Charter |
|-----|---|----------------|
| (e) | monitor and provide advice on risk management and fraud prevention systems and controls | AAC Charter |
| (f) | oversee internal and external audit functions | AAC Charter |
| (g) | adopt an annual work program | AAC Charter |
| (h) | prepare a biannual audit and risk report that describes the activities of the Audit and Risk Committee and includes its findings and recommendations | New provisions |

The overall impact of these changes is minimal and merely reflects the requirements of the Act.

ARC governance rules reference the Council's governance rules other than specific provisions which have been imported from the AAC Charter.

New provisions follow the model proposed by DELWP with any necessary adaptations.

3. Council Expenses Policy

Section 41 of the Act requires that a Council Expenses Policy be established to provide for reimbursement of out-of-pocket expenses for Councillors and members of delegated committees.

| Pre | scribed contents (section 41 of the Act) | Related previous council policy |
|-----|---|--|
| (a) | specify procedures to be followed in applying for reimbursement and in reimbursing expenses | Councillor Support Policy |
| (b) | comply with any requirements prescribed by the regulations in relation to the reimbursement of expenses | No regulations have been made in relation to section 41 of the Act |
| (c) | provide for the reimbursement of childcare costs where the provision of childcare is reasonably required for a Councillor or member of a delegated committee to perform their role | Councillor Support Policy |
| (d) | have particular regard to expenses incurred by a Councillor who is a carer in a care relationship within the meaning of section 4 of the <i>Carers</i> <i>Recognition Act 2012</i> | Councillor Support Policy |

The overall impact of these changes is minimal as the relevant expenses provisions of the Councillor Support Policy made by the Council under section 75B of the *Local Government Act 1989* have been imported into the policy.

4. Councillor Support Policy

The overall impact of these changes is minimal as the relevant councillor support provisions of the Councillor Support Policy made by the Council under section 75B of the *Local*

Government Act 1989 have been imported into the policy as adjusted for current practice and technology.

5. Public Transparency Policy

This is a new policy with an overall impact of committing the Council to transparent decision-making and clarifying information access for the community.

Section 57 of the Act requires a public transparency policy to be established under that section to cover:

| Pre | Prescribed contents (section 57 of the Act) | | Related previous council policy |
|-----|---|---|--|
| (a) | (a) give effect to the public transparency principles, including: | | New provisions |
| | a. | Council decision making processes must be transparent except when the Council is dealing with information that is confidential by virtue of this Act or any other Act | |
| | b. | Council information must be publicly available unless the information is confidential by virtue of this Act or any other Act | |
| | с. | Council information must be publicly available unless public availability of the information would be contrary to the public interest | |
| | d. | Council information must be understandable and accessible to members of the municipal community | |
| | e. | public awareness of the availability of Council information must be facilitated | |
| (b) | (b) describe the ways in which Council information is to be made publicly available | | New provisions |
| (c) | (c) subject to section 58(b), specify which Council information must be publicly available, including all policies, plans and reports required under this Act or any other Act | | New provisions |
| (d) | - | | No regulations have been made in relation to section 57 of the Act |

Measures of success of the policy

The success of the policies will be best measured by the extent to which they maintain and improve the quality of Council decision-making, governance, integrity, and transparency.

The annual community satisfaction survey results for the following questions will provide the basis for council's assessment of the success of the policies:

• Over the last 12 months, what is your view of the direction of Wangaratta Rural City Council's overall performance?

• How has Council performed on 'Decisions made in the interest of the community' over the last 12 months?

Council will assess outcomes as part of its ongoing review of council plan performance.

Legislative context

Council considers the policies to be the best approach to ensure that the requirements of sections 41, 57, 54 and 60 of the Act are met.

There is no overlap with existing legislation or policies other than the Governance & Meeting Conduct Local Law that was made under Part 5 of the *Local Government Act 1989*. This local law will be amended to remove the duplication in due course.

The policies have no relevance to the Planning Scheme.

Risk assessment

The policies enhance Council's arrangements for good governance, decision-making, integrity, and transparency which reduces risk.

The policies ensure that the Council is compliant with the Act.

Policy approach adopted

No other legislation can be used.

The policies are standalone instruments that effectively address the relevant needs of the community and of the prescribed elements of the Act.

The policies do not impose any increased costs on the community as they relate to the Council's decision-making, governance, and integrity frameworks.

Restriction of competition

Council has conducted a review of the policies in accordance with National Competition Principles. The results of that review are attached.

The policies relate to the Council's decision-making, governance, and integrity frameworks.

There are no National Competition Policy implications associated with the proposal.

Permits

The policies do not make provision for the issue of permits.

Fees

The policies do not prescribe any fees.

Comparison with neighbouring and like Councils

Council has chosen to, in the main, to import relevant provisions from existing Council policies whilst also adopting some of the approach taken in the DELWP model policies where needed. Other councils are following this approach.

Charter of Human Rights

Council has assessed the policies for compatibility with the Charter of Human Rights and Responsibilities. A report of this assessment is attached.

In summary, Council found that the key points of reference are governance rules provisions for public question time and petitions which enhance a person's ability to express opinions, to get a fair hearing and to be involved in public life.

The public transparency policy has privacy protections that ensure a person's right to privacy protection of reputation.

The policies are compatible with the Charter of Human Rights.

Major Council Policy Human Rights Charter Assessment

Governance Rules; Audit & Risk Committee Charter; Council Expenses Policy; Councillor Support Policy & Public Transparency Policy

As from 1 January 2008 all public authorities (including Councils) are required to act in accordance with the Human Rights Charter, and to consider human rights when making a decision.

The Charter is a law that protects the rights of all people in Victoria. It introduces standards and a framework to assist public authorities to consider the rights of all interested parties, and to be better able to strike a balance between an individual's rights and those of competing public interests.

The rights in the Charter may be subject to reasonable limitations to achieve this balance. As with all discerning decision making, if limitations are applied, this must be documented. There are twenty rights listed in the Charter that promote the principles of freedom, respect, equality, and dignity. These are listed at the end of this document.

The key points of reference are governance rules provisions for public question time and petitions which enhance a person's ability to express opinions, to get a fair hearing and to be involved in public life.

The public transparency policy has privacy protections that ensure a person's right to privacy protection of reputation.

| Issues and Purpose | Rights Impacted Positive | Rights impacted Negative | Justification and alternatives |
|---|--|-----------------------------|--------------------------------|
| Governance rules – public question time & petitions | Right to hold an opinion and freedom of expression | Nil | Not applicable |
| Governance rules - public question time & petitions | Right to take part in public life, including the right to vote | Nil | Not applicable |

Mayor and CEO's Introduction

The health and wellbeing of our community is in the forefront of our minds at this uncertain time. The first six months of 2020 have brought some exceptional challenges and Council is committed to working with you to support all members of our community during these difficult times. We witnessed acts of compassion, resilience and strength in the face of the bushfires in January and we will see this again as the effects of Covid-19 play out in the coming months and years.

Those most in need will benefit from a range of new financial assistance measures valued at \$484k included in this Budget. This is Council's second round of community financial assistance, following an initial response when Covid-19 restrictions were first introduced in April.

A new Business and Community Recovery Grants Program and the slashing of several business fees headline the measures, which are targeted at assisting those most impacted by Covid-19 and the January bushfires. The program has been made by combining some funds from Council's annual Community and Tourism Grants programs, as well as funding received from Bushfire Recovery Victoria. It means some \$370,000 will be available to businesses and community groups to assist recovery.

The 2020/21 Budget balances the delivery of a number of key initiatives that will provide valuable support to our community whilst also offering exciting developments for our residents to look forward to in these difficult times.

1. Our focus on marketing and branding activities will see Council launch a large-scale promotion and awareness campaign. This initiative is more critical now than ever to support the growth and economic recovery within the Rural City of Wangaratta.

2. We are delighted that Council will complete the construction of the new aquatic facilities at the Wangaratta Indoor Sports and Aquatic Centre (WISAC) in 2020/21 and we will also commence operating the facilities from November 2020. The transition to council management of the WISAC and surrounding Parklands Precinct represents a significant shift for the Wangaratta community. Council's aim is to create the premiere sporting, aquatic and events precinct in regional Victoria.

3. The Grit and Resilience Program continues in 2020/21 and this will play a vital role in mobilising our community to strengthen social connections for improved mental health outcomes. The Grit and Resilience Program is supported by \$1.2 million of Federal Government funding over four years with a further \$1.5 million also provided to establish a Headspace facility in the city.

4. Apex Park will undergo redevelopment with the construction of a regionally significant play space. The play space will meet the social and recreational needs of a wide age group – ranging from equipment for young children and their parents to a Parkour element for older children and adults. This is an ideal development for Apex Park and will be the jewel in the crown of the Ovens Riverside Precinct.

5. Council's commitment to increase gravel resheeting works continues. Council will spend \$1.8 million on resheeting gravel roads across the municipality. This represents more than 2.5 times the amount spent on gravel resheeting in 2015/16.

6. Council has secured grant funding from the Federal Government for two important drought assistance measures. In 2020/21 Council will receive almost \$1.7 million to support our community in combating pest and weed impacts during drought and fund the construction of new water bores and upgrades to community infrastructure in our most drought affected areas.

7. Council will launch a Business and Community Recovery Grant Program. The grants will be available to businesses and community groups to support them with the financial impacts of Covid-19 and the January bushfires. The key numbers of the 2020/21 Budget are:

- Operating surplus of \$6.061 million.
- Capital works expenditure in 2020/21 of \$29.876 million.

• Rates increase of 2% which is in line with the Rate Cap prescribed by the State Government, and is less than last year's increase of 2.5%. This is to ensure that Council is able to maintain revenues in line with inflation to fund the projects and services that our community values into the future.

• Waste charges are proposed to increase by 6% for kerbside waste collection and organic collection services. Recycling charges will increase by 10%. With the turbulence in the waste industry recycling costs continue to increase.

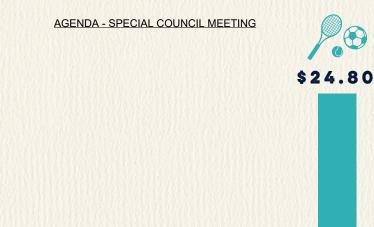

• The completion of a number of large capital works projects will see Council increase borrowings by \$18.3 million. This is in addition to the \$8.9 million to be borrowed in 2019/20.

Key projects that are funded from these borrowings are the regeneration of the Wangaratta Railway Precinct, completion of the Outdoor 50m Pool and Hydrotherapy Pool, development of Mitchell Avenue Children's Garden and a landmark Regional Playspace. The borrowings for 2019/20 also support capital projects such as the Cruse Street road and bridge works and the redevelopment of King George Gardens & Ovens Street promenade. Council will benefit from record low interest rates which results in a good financial outcome.

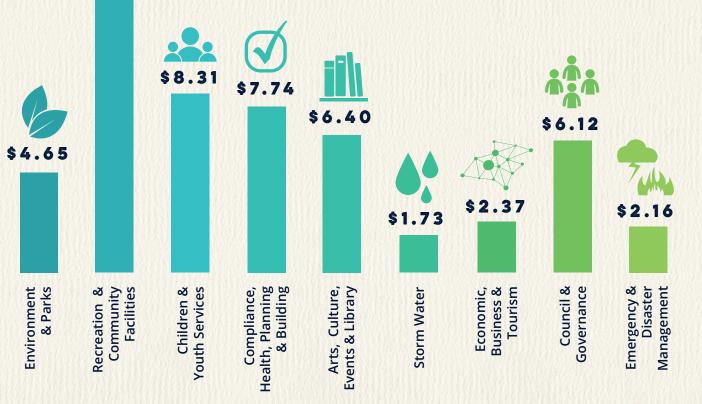

Following a few years of significant planned investments in some landmark capital works projects, Council is now reducing subsequent years of Capital Works budgets back to its usual levels. This represents a decrease from \$37.9 million in 2019/20 to sitting in the range of \$23.5-\$29.8 million over the next four financial years.

This Budget shows Council's finances are in a stronger position than the Draft 2020/21 Budget that was placed on exhibition. This is largely due to favourable grant income and depreciation. While these changes have improved the organisation's operating surplus in 2020/21, the longer term challenges remain and Council will continue to address these with stringent financial management.

1. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

1.1 Legislative Planning and accountability framework

The Strategic Resource Plan, part of and prepared in conjunction with the Council Plan, is a rolling fouryear plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The Annual Budget is framed within the Strategic Resource Plan, considering the services and initiatives which contribute to achieving the strategic objectives specified in the Council Plan. The diagram below depicts the planning and accountability framework that applies to local government in Victoria.

Source: Department of Environment, Land, Water and Planning

Feeding in to the above, Council has a long term plan which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services - such as animal management, local roads, food safety and statutory planning - most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

1.2 Our purpose

Our Vision

In 2028: Whether you stay for a day or a lifetime, it feels like home. We have the mix right - between safety and excitement, growth and certainty, rural and urban. Here, you know that there are opportunities that you can't find anywhere else. There are jobs, neighbourhoods, schools and services that ensure that everyone can build a healthy and fulfilling life for themselves and their family.

Through responsible and informed planning we have built a community that protects our environment and showcases our natural beauty to its greatest potential. We have built roads that weave together to become neighbourhoods that are home to families who feel connected to the people and places around them. Through our focus on the future we have been prepared for the challenges that have faced our community – we have grown stronger by adapting to a changing economy, we have built and maintained our infrastructure for coming generations, and we have positioned ourselves to be a destination that welcomes and attracts people from all over the world.

Our economy is stronger than ever. From agriculture to tourism, health to education, we have focused on building resilience and diversity, and achieving a prosperity that has benefitted all our residents. We have become a resourceful and vibrant regional centre.

We are a creative community and you experience this in all corners of the municipality. On our streets, at our events and in our facilities - the culture and creativity of our community is evident. The connection and partnership between our City and our rural townships is part of our strength. Our diversity – in our people, our environment and our economy – has created opportunities that continue to be celebrated and recognised.

We are strong and adaptable with a spirit that embraces both our challenges and our opportunities.

Whoever you are, and wherever you have come from, this is where you want to be.

Our values

So that we can achieve extraordinary outcomes for our community we focus on the following values and behaviours within our organisation:

Leadership - exercise diligence in decision making and good governance and accept responsibility for the consequences of those actions taken with appropriate accountability.

Engagement - actively and openly participate in consultation and strive to achieve effective governance and the best outcome for the community.

Respect - value the contribution and individuality of others and aim to achieve an honest and healthy working relationship with all citizens.

Progression - achieve continuous improvement in performance and the highest standards and outcomes for the Rural City of Wangaratta.

2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2020/21 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

In developing the Strategic Resource Plan, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the Strategic Resource Planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2020/21 the FGRS cap has been set at 2.0%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 2.0% in line with the rate cap.

Council intends to apply for a Special Order to increase the Council's average rate cap for the 2022/23 year. Council assumes the FGRS cap for 2022/23 to be 2%. The Strategic Resource Plan has been prepared on the basis Council would seek an increase of the cap to 5%. Council will need to secure community support for the application for a Special Order to increase the rate cap. Council will commence community consultation and engagement in 2021.

This will raise total rates and charges for 2020/21 to \$35.375 million.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2020/21: estimated \$220,000 and 2019/20: \$280,000)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates

The rate and amount of rates payable in relation to land in each category of differential are set out above.

Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described below) by the relevant percentages (refer 4.1.1(b)).

Council considers that each differential rate will contribute to the equitable and efficient carrying out of council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

Type and Description

General

All land except where otherwise classified.

General rate – 100%: The objective of this general rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Development and provision of health, recreation and community services
- Provision of general support services.

User fees are projected to increase by 17.82% or \$1.7 million in 2020/21. This is substantially due to Council commencing the management of the Wangaratta Indoor Sports & Aquatic Centre. User fee income for these services have been budgeted from November 2020. User fees from waste management services are higher than usual in 2019/20 and 2020/21 as Council's landfill at Bowser will receive waste from the January 2020 bushfire cleanup.

A detailed listing of the fees and charges is included in Section 6.

Monetary contributions relate to monies received from Developer Contributions and community sources for the purposes of funding the capital works program. Non-monetary contributions relate to assets that arise out of new subdivisions within the municipality and are vested with Council. The level of monetary contributions expected for 2020/21 is \$610,000 which is a decrease of \$444,000 or 42.13% compared to 2019/20.

4.1.6 Other income

During the 2020/21 year Council will receive reimbursement for costs associated with the January 2020 bushfires and the December 2018 floods. Interest income on financial assets is expected to reduce in 2020/21 due to lower cash held on deposit.

4.1.7 Employee costs

| | Forecast Actual 2019/20 | Budget 2020/21 | Change | |
|----------------------|-------------------------------|-------------------|--------|---------|
| | \$'000 | \$'000 | \$'000 | % |

Due to the impacts of the January 2020 bushfires and Covid-19 Council has not reached its expected employee costs for 2019/20. When compared to the 2019/20 Budget adopted in June 2019 Council's 2019/20 employee costs will be \$1.4 million less.

Council will commence operating the facilities at the Wangaratta Indoor Sports and Aquatic Centre in November 2020. As such, \$1.9 million of the increase is due to the additional employees to be hired. Increases in staffing across Aged & Community Care and Family & Early Childhood Services have also led to an increase in employee costs, with the annualised impact of this reflected in the 2020/21 year.

| Total materials and services | 26,193 | 24,731 | (1,462) | -5.58% |

Materials and services include the purchase of consumables, payments to contractors for the provision of services and utility costs. It is forecast to decrease by 5.58% or \$1.462 million compared to 2019/20.

Council will incur a number of non-recurring expenses in 2020/21 and this is evidenced by the significant decrease in materials and services expenditure disclosed for the 2022 year in the Strategic Resource Plan. A significant amount of the expenditure relates to grant income which Council has received in 2019/20 or will receive in 2020/21.

4.1.9 Depreciation

| | Forecast Actual 2019/20 | Budget 2020/21 | Change | |
|--------------------|-------------------------------|-------------------|--------|-------|
| | \$'000 | \$'000 | \$'000 | % |

| Total depreciation | 15,150 | 16,060 | 910 | 6.01% |

Depreciation and amortisation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads and drains. The projected increase of \$910,000 is due to the increase in new asset expenditure in 2019/20 and 2020/21.

Refer to section 4.5. "Capital Works Program" for a more detailed analysis of Council's capital works program for the 2020/21 year.

4.2 Balance Sheet

4.2.1 Assets

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of three months or less. These balances are projected to increase by \$10.1 million during the year due to the borrowed funds drawn down in the 2020/21 year. These borrowed funds partly relate to cash outflows from 2019/20 and earlier years and as such have a short term increase in cash and cash equivalents.

Trade and other receivables are monies owed to Council by ratepayers and others. Short term debtors are not expected to change significantly in the budget

Other assets includes items such as prepayments for expenses that Council has paid in advance of service delivery, inventories or stocks held for sale or consumption in Council's services and other revenues due to be received in the next 12 months. It also includes land held for sale in the next 12 months.

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles, equipment, etc which has been built up by Council over many years. The \$11.4 million increase in this balance is attributable to the net result of the capital works program, depreciation of assets and the sale through sale of property, plant and equipment.

4.2.2 Liabilities

Total current liabilities are expected to remain stable between 2019/20 and 2020/21.

The decrease in current liabilities represents obligations that Council must pay within the next twelve months. Trade and other payables are those to whom Council owes money as at 30 June. These liabilities are budgeted to decrease by \$759,000 due to the substantial capital works program for 2019/20 and 2020/21, with key large-scale projects expected to be completed well in advance of 30 June 2021.

Provisions include accrued long service leave, annual leave and rostered days off owing to employees and for landfill rehabilitation. The employee entitlements are only expected to increase marginally due to more active management of entitlements.

Interest-bearing loans and borrowings are forecast to increase due to proposed borrowings for the aquatic development project, Railway Precinct and Regional Playspace.

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

| | Forecast Actual | Budget |
|---|--------------------|---------|
| | 2019/20 | 2020/21 |
| | \$ | \$ |
| Amount borrowed as at 30 June of the prior year | 8,184 | 16,550 |
| Amount proposed to be borrowed | 8,984 | 18,291 |
| Amount projected to be redeemed | (618) | (357) |
| Amount of borrowings as at 30 June | 16,550 | 34,485 |

Key projects that are funded from these borrowings are the regeneration of the Wangaratta Railway Precinct, completion of the Outdoor 50m Pool and Hydrotherapy Pool, development of Mitchell Avenue Children's Garden and a landmark Regional Playspace. The borrowings also support capital projects such as the Cruse Street road and bridge works and the redevelopment of King George Gardens & Ovens Street promenade, works that were largely completed in 2018/19 and 2019/20. Council will benefit from record low interest rates which results in a good financial outcome.

4.2.4 Leases by category

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

| | Forecast Actual 2019/20 \$ | Budget 2020/21 \$ |
|-------------------------------------|-------------------------------------|-------------------------|
| Right-of-use assets | - | - |
| Property | - | - |
| Vehicles | 1,608 | 1,381 |
| Other, etc. | - | - |
| Total right-of-use assets | 1,608 | 1,381 |
| | | |
| Lease liabilities | | |
| Current lease Liabilities | | |
| Land and buildings | - | - |
| Plant and equipment | 200 | 208 |
| Other, etc. | - | - |
| Total current lease liabilities | 200 | 208 |
| Non-current lease liabilities | | |
| Land and buildings | - | - |
| Plant and equipment | 1,411 | 1,203 |
| Other, etc. | - | - |
| Total non-current lease liabilities | 1,411 | 1,203 |
| Total lease liabilities | 1,610 | 1,411 |

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities.

4.3 Statement of changes in Equity

4.3.1 Reserves

Reserves have increased by a net \$3.891 million in the 2020/21 year. It is estimated that the waste and landfill reserve will have a balance at 30 June 2021 of \$11.5 million for future capital works and rehabilitation activities.

4.3.2 Equity

Total equity has increased by \$4.7 million from 2019/20.

Total equity always equals net assets and is made up of the following components:

1. Asset revaluation reserve which represents the difference between the previously recorded value of assets and their current valuations.

2. Other reserves that are funds that Council wishes to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability. These amounts are transferred from the surplus of the Council to be separately disclosed.

4.4 Statement of Cash Flows

This section analyses the expected cash flows from the operating, investing and financing activities of Council for the 2020/21 year. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

The analysis is based on three main categories of cash flows:

4.4.1 Net cash flows provided by/used in operating activities

Operating activities - Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt.

Council's operating activities in 2020/21 will include the operation of the WISAC facility. This has resulted in an increase in the cash inflows from user fees and also an increase in the cash outflows for employee costs and materials and services. Please refer to the itemised income and expenditure explanations provided from 4.1.2 to 4.1.8 for further information about specific increases or decreases in revenue or expenditure.

4.4.2 Net cash flows provided by/used in investing activities

Investing activities - Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment.

4.4.3 Net cash flows provided by/used in financing activities

Financing activities - Refers to cash generated or used in the financing of Council functions and includes borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principal component of loan repayments for the year.

An increase in financing activities of \$17.2 million is mainly due to total proceeds from borrowings being \$18.3 million in 2020/21.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2020/21 year, classified by expenditure type and funding source. Works are also disclosed as the total 20/21 budget and the capital expenditure that is carried forward from prior year.

Council's capital works program for 2020/21 is \$29.9 million. The 2020/21 year sees the completion of a number of key projects. The Railway Precinct and construction of new aquatic facilities will be completed during the year.

New projects that should be highlighted are:

1. Council will invest \$756,000 on continuing its implementation of improved Information and Communications Technology (ICT) throughout the organisation. This will modernise the systems and tools Council uses to deliver services.

2. \$1.5 million will be spent on developing a Regional Playspace at Apex Park. The playspace will meet the social and recreational needs of the community and visitors.

3. Works will commence on new facilities to be constructed at the former Olympic pool site. More details will be shared in the coming months.

4. \$1 million will be spent on local community infrastructure and drought relief projects.

Key to Forecast Trend:

+ Forecasts improvement in Council's financial performance/financial position indicator

o Forecasts that Council's financial performance/financial position indicator will be steady

- Forecasts deterioration in Council's financial performance/financial position indicator

Notes to indicators

1. Adjusted underlying result

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Council's financial performance is considered medium to high risk according to the Victorian Auditor General Office. Council's adjusted underlying result improves over the Strategic Resource Plan years.

2. Working Capital

The proportion of current liabilities represented by current assets. Working capital is considered low risk according to the Victorian Auditor General Office.

3. Unrestricted Cash

Council's unrestricted cash fluctuates with the size of the capital works program and the timing of debt repayments and new borrowings.

4. Debt compared to rates

Trend indicates Council's reliance on debt against its annual rate revenue due to proposed borrowings for key infrastructure projects.

5. Indebtedness

Council is assessed as high risk according to the Victorian Auditor General Office indicators. This is largely due to Council increasing its borrowings in the short term and an existing interest only loan remaining not payable until the 2025/26 year. The indicator improves markedly once the interest only loan has been repaid. All other loans are on principal and interest terms.

6. Asset renewal

This percentage indicates the extent to which Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means Council's assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets.

7. Rates concentration

Reflects extent of reliance on rate revenues to fund all of Council's ongoing services. Trend indicates Council will become more reliant on rate revenue compared to all other revenue sources.

6. Schedule of Fees and Charges

This appendix presents the fees and charges of a statutory/non-statutory nature which will be charged in respect to various goods and services during the FY 2020/21.

Fees and charges are based on information available at the time of publishing and may vary during the financial year subject to any changes in Council's policy or legislation.

ABOUT OUR COUNCIL PLAN

RURAL CITY OF WANGARATTA

MAYOR & CEO'S MESSAGE

We acknowledge the genuine hardship being experienced in our community as a result of the Covid-19 Pandemic. These are unprecedented times for us all and we understand Wangaratta's recovery from the health, economic and social impacts will take considerable time. Council has put in place immediate actions aimed at relieving the financial pressure on individuals, businesses and community groups in the short term, including flexible payment options for those in the most financial need. As the ongoing impacts of Covid-19 continue to develop Council will put in place more, longer term measures, including announcing new support measures for the start of the 2020/21 financial year. The Budget has now been amended to incorporate Covid impacts, but may still be further updated during the year as the situation continues to evolve.

Our community has faced challenge after challenge in 2020 and it is under these circumstances that we present the 2020 Revision of the Council Plan 2017-2021.

This is the final year of the four year Council Plan as elections are planned to take place in October of this year.

With this in mind, the 2020 Revision highlights many ongoing projects that will come to fruition throughout the coming 12 months.

We are delighted that Council will complete the construction of the new aquatic facilities at the Wangaratta Indoor Sports and Aquatic Centre (WISAC) in 2020/21 and we will commence operating the facilities from November 2020. The transition to council management of the WISAC and surrounding Parklands Precinct represents a significant shift for the Wangaratta community. Council's aim is to create the premiere sporting, aquatic and events precinct in regional Victoria.

The Grit and Resilience Program continues in 2020/21 and this will play a vital role in mobilising our community to strengthen social connections and to better understand and address suicide prevention for people of all ages.

Mayor Dean Rees

CEO Brendan McGrath

Our focus on marketing and branding activities will see Council embark on a large scale promotion and awareness campaign. Following the economic impacts of Covid-19 and January's bushfires, this marketing activity will be critical to our municipality. The marketing activities will target three key areas

- target and attract new businesses to invest in the region (Invest);
- promote our region for residential investment and relocation to the area (Stay); and
- generate awareness of the region as an attractive regional tourist destination (Visit).

The redevelopment of Apex Park with the construction of a regionally significant play space is one of the new initiatives in the Budget and Council Plan. The play space will meet the social and recreational needs of a wide age group – ranging from equipment for young children and their parents, to a Parkour element for older children and adults. This is an ideal development for Apex Park and will be the jewel in the crown of the Ovens Riverside Precinct.

Underpinning all our activities is a commitment to the health and wellbeing of our community. While projects and new initiatives are highlighted here, it is the things Council does day in day out that make the biggest difference to our community. From our Aged and Community care workers, to Maternal Child Health nurses and waste truck operators, our people are always here to serve the community, through emergencies and in better times.

AGENDA - SPECIAL COUNCIL MEETING

RURAL CITY OF WANGARATTA

OUR COMMUNITY PROMISE

We promise that we will work our hardest to be a team you can be proud of.

We will not settle for just being seen as the level of government closest to the community - because we see ourselves as part of the community. We will respond to the challenges that face us both as an organisation and as a community, and we will be courageous when hard decisions need to be made. We will lead when our people need us to, and we will work with others to help get the things that really matter happening. We will not be shy to celebrate our success and the success of people in our community – we are proud of what we achieve.

We may not always be able to give you the answers that you want to hear but we promise we will always tell you the truth. We will take the time to talk to you, to listen to you and to help you, and we will always keep you informed of the things you need to know. We will respect the past, and the things that have come before us – whilst being excited and focused on the future. We will look after your tomorrow.

We will acknowledge and respect our position as decision makers, rule enforcers and fee collectors, but we will do so with a humble and responsible approach. We will deliver the things that remind you every day why it's great to be part of our community.

As a team we will continue to look for ways to create, to imagine and to improve. We will focus on understanding ways we can be better at what we do, easier to work with and deliver our services more efficiently. Above all we promise that we will remain driven by the desire to work with you to build an exciting, prosperous and sustainable future.

WHAT DOES OUR PROMISE MEAN

It means that from now on we will do things better. We will think differently and approach things in a way that means we will constantly explore opportunities to improve the way we deliver services, communicate and support our community. We will always be looking for ways we can be exceptional in how we conduct our business.

It means that we will set very high standards for ourselves and how we go about doing our work. We think that the best way of seeing what we are really capable of is to set the bar incredibly high. We will hold ourselves accountable and we want you to come to expect these standards from us.

We know that to improve we need to encourage, and be responsive to, feedback. We will actively ask for ways that we can better support people, deliver projects and initiate change. To do this well, we will be clear in Our Non-Negotiables - there are things we need to do, decisions we need to make and boundaries and guidelines we have to work within. We will get better at making sure people understand what these are.

Our Community Promise also means that we have expectations of the people we will work with. We promise to be respectful and positive and we will work hard to develop relationships where this should be mutual. It's not ok with us for people to be deliberately mean, derogatory or cruel. We will not engage in conversations that are disrespectful to people in our organisation or our community. We believe that as a community the best way we can achieve an exciting future is to support, encourage and celebrate each other.

We know we have some work to do. This Community Promise is an enormous commitment and whilst we are excited to achieve it we are also aware that we need to start making change. You will notice this change, experience our new way of doing things and begin to see us differently.

There are jobs, neighbourhoods, schools and services that ensure that everyone can build a healthy and fulfilling life for themselves and their family.

- We will advocate to raise awareness, financial and political support to progress a number of initiatives including: an improved rail service; support for regional producers; the telling of the iconic Ned Kelly story; and funding for local roads

OUR PLAN

As your Council we have a diverse role in how we support, provide for and protect our community. Roads, waste collection and legislation are a key foundation for Council - but we also do more. Whilst we work closely with other levels of government, we are much more than an advocacy group. It is our job to understand the needs and priorities of our community and we focus on achieving them today, and for our future. The pillars are our goals. The outcomes we are working, in partnership, to achieve with our community.

THE PILLARS

HOW WE DELIVER WHAT'S IMPORTANT

UNDER EACH OF THE PILLARS WE HAVE CONSIDERED THE FOLLOWING:

OUR STRATEGIC OBJECTIVES

These are the outcomes that we hope our work will achieve over the life of the Council Plan.

WHAT YOU WILL SEE IN 2020/2021

These are the major actions and initiatives that you will see us implement during the 2019/2020 financial year. They have been budgeted for, and we have prepared the resources to achieve them. These are the things that will help us reach our strategic objectives.

OUR TARGETS

They measure our progress against what is important and allow both ourselves and everyone in our community to understand the impact our actions are having. The targets are linked to Our Strategic Objectives.

OUR NON-NEGOTIABLES

These are the things that we know we must achieve. We know because our community has told us these things are vital, because the law requires them of us, or because we understand the impact these matters have on our quality of life. Our Non-Negotiables tend to be longer-term priorities for us, they are the things that will be important to consider and focus on for longer than just the life of this plan.

WHAT WE WILL DO EVERY DAY

There are many things that we do as part of our every day work that contribute to the health, wellbeing and sustainability of our municipality. These actions are important, they are the things that people in our community and our visitors will see and experience.

WE WILL PLAN, RESEARCH AND ADVOCATE FOR THE FUTURE

As part of our role we are continually working to understand and advocate for the needs of our community. We seek to work with our community, our partners and our stakeholders to understand the things that matter, and to remain on top of the things that need our attention and support. We utilise our position to help ensure that other levels of government, service providers, organisations and businesses are aware of what our community needs.

A core part of our responsibility is to make decisions that impact our community and the region. Decisions we make can relate to the now, but they can also have wide reaching impacts on future generations. Many of the decisions we are required to make are complex, and require the careful consideration of legislation and financial implications, as well as the social, economic, cultural and environmental needs of our community.

AGENDA - SPECIAL COUNCIL MEETING

COUNCIL PLAN 2017-2021

WE CREATE AND DELIVER

There are many elements of what we do that relate to the creation and maintenance of projects, facilities and assets in our communities. From constructed assets such as roads and footpaths, to events that bring us all together, Council has an integral role in delivering the things that make our community a safe, connected and enjoyable place to live and visit.

WE FOCUS ON OUR BUSINESS

We know that to be great at what we do, we need to have an efficient, effective and sustainable business. This is why we focus on making sure that we are developing our team, continually reviewing our services and planning for our future.

THE FINE PRINT

These are the plans and documents that guide our organisation and give direction to the work we do. They are the context to how we make decisions, allocate resources and implement projects. Many of them have a life that is longer than this plan.

WHO ARE WE?

Throughout this document we refer to Council as 'we'. When we say this we mean the collective of Councillors and Council officers. We all have different roles and responsibilities but together we are focused on delivering the outcomes articulated within this Council Plan.
