The model budget, including financial statements, has been prepared in accordance with the requirements of the *Local Government Act 2020* and the *Local Government (Planning and Reporting) Regulations 2014*. While every effort has been made to ensure that the information contained in this document has been accurate and complies with relevant Victorian legislation, each Council remains responsible to ensure that the budget they prepare is compliant with all statutory requirements.

## Mayor and CEO's Introduction

The 2022/23 Budget reflects a time of recovery, stabilisation, and growth for our community as we begin to transition out of the social and economic challenges presented to us throughout the COVID-19 pandemic.

The Council Plan and Community Vision remain a focus behind the development of this document; setting out clear community aspirations and Council's delivery commitments to bring these to life. This budget allocates pragmatic funding to ensure delivery of the key projects on the path ahead.

The modest rate cap increase of 1.75%, as per the Victorian Government Fair Go System, applies pressure to the organisation's financial position given the far greater cost inflation occurring for materials and services. Council has undertaken thorough reviews of all service areas and reduced 2022/23 expenditure where possible to compensate. This protects the fiscal stability of the Rural City of Wangaratta whilst ensuring the continuing provision of essential services that will support the ongoing economic and social recovery of our community.

A Capital Works Program of \$30.50m will deliver transformational projects such as extension of the Wangaratta Sports and Aquatic Centre stadium and gym; the establishment of the Ned Kelly Glenrowan Project, and commencement of the exciting multi-year King Valley Prosecco Road Project. As these projects progress, our focus is to ensure they will contribute meaningfully to the economic growth of our municipality for years to come, in addition to providing increased social strength for our community.

The 2022/23 Budget reflects our commitment to providing sustainable, contemporary, community-focused services, and to maintaining the critical infrastructure and facilities that house these services across the municipality.

### **Key figures from the 2022/23 Budget are:**

- \$30.50m of new Capital Works Program (\$37.14m with carry overs)
- 1.75% rate rise, in line with the Fair Go System rate cap
- Accounting Surplus of \$18.15m
- Adjusted Underlying Operating Deficit of \$883k

The Rural City of Wangaratta Council maintains a network of sealed and unsealed roads covering 1,978KM, 446 bridges and culverts, 277km of walking and cycling track, 39 playgrounds, in addition to 150 council buildings and facilities, 96 sporting and playing fields, four waste transfer stations, 26 community halls, the Wangaratta Performing Arts Centre, the Wangaratta Art Gallery and the Wangaratta Library.

To this end, Renewal Expenditure totals \$8.49m which will include:

- \$3.77m on road renewal
- \$1.34m on plant & equipment renewal

The Gravel Resheeting Program also continues with an annual investment of \$1.83m.

Council has been extremely successful in attracting grant funding for key projects, making ratepayer money work even harder for the municipality. Major projects for the 2022/23 financial year include for example:

- Extension of the Wangaratta Sports and Aquatic Centre: \$9.59m with \$5.3m grant funding.
- Improvements to the Wangaratta Showgrounds to better equip it for use as an emergency Relief Centre when required: \$2.04m over two years, fully grant funded.
- Prosecco Road Development Masterplan: \$2.8m fully funded.
- The Ned Kelly Glenrowan Project, to attract visitors to Glenrowan and the King Valley - \$5.3m project with / \$2.7m grant funding over three years, of which the final \$2.62m of delivery will occur in 22/23

Overall, the 2022/23 Budget demonstrates our ongoing commitment to service planning and business improvement. We strive to achieve excellence for the community through the decisions we make and the services we deliver and look forward to working with our community on delivering these exciting projects across the coming year.

# 1. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

## 1.1 Legislative Planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Environment, Land, Water and Planning

Feeding in to the above, Council has a long term plan which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes.

## 1.1.2 Key planning considerations

### Service level planning

Although councils have a legal obligation to provide some services - such as animal management, local roads, food safety and statutory planning - most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

## 1.2 Our purpose

### Our Vision

*"We are an inclusive, courageous and compassionate community, who have built our future on a respectful balance between the urban and the rural. We are known for our natural beauty, access to opportunities and innovation, our resilience, and our community strength. We have a mature and healthy landscape that supports our wellbeing and forms a strong part of our identity. We are the place where everyone has the ability to engage, to prosper, to be supported, and to grow."*

### Our values

So that we can achieve extraordinary outcomes for our community we focus on the following values and behaviours as Councillors:

**Leadership** - We will show diligence and good governance when making decisions. We will accept responsibility for the consequences of those decisions.

**Engagement** - We will actively and openly consult with you. We strive to achieve effective governance and the best outcome for the community.

**Respect** - We will value the contribution and individuality of others. We aim to achieve an honest and healthy working relationship with all our citizens.

**Progression** - We aim to continually improve our performance. We strive for the highest standards and outcomes for our municipality.

## 1.3 Strategic objectives

Council will deliver actions under six strategic objectives, contributing to the achievement of the Council Plan for the years 2021-2025. The following table sets out the five strategic goals as described in the Council Plan.

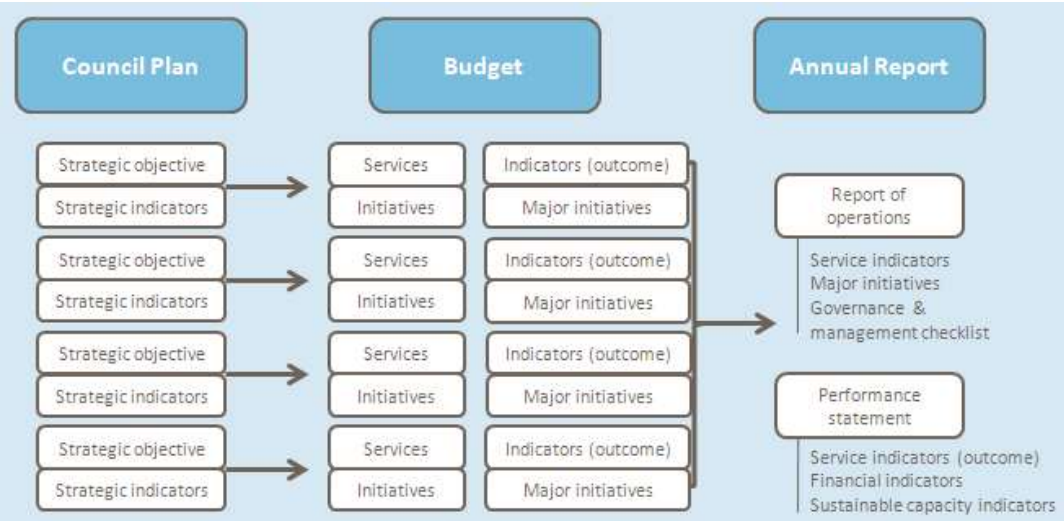

Strategic Objective	Description
Strengthening our Leadership	<p>We are a responsible and compassionate community, committed to working together to build a future based on our collective needs and priorities. We use our local experiences and wisdom to drive strategic decision making, support our leaders and make sure the things that are important to us happen.</p> <p>We value transparent and meaningful communication – we discuss the difficult and uncomfortable, whilst also celebrating our good.</p> <p>We prioritise building strong relationships with each other, and with the organisations and groups that will help us ensure we have access to the resources and services we need. As a community we recognise that we are stronger, and more sustainable when we work together.</p>

Strategic Objective	Description
Nurturing our Wellbeing	<p>Our people are our biggest asset, and everyone, at every age is an important and valued member of our community. We are committed to strengthening and creating opportunities for connection, creativity, and inclusion. We will open the door for everyone to local sporting, community and cultural initiatives that strengthen our collective sense of self and improve our wellbeing.</p> <p>The mental and physical health of everyone underpins how we build our communities, how we make decisions, and how we plan for our future. We protect ourselves and each other to ensure our homes and our connections allow us to become our best. We will work together to solve our own challenges, to support those in need, and to make our community safe.</p>
Valuing our Environment	<p>Our natural environment is part of our identity, our appeal, and our livelihood. Protecting and enhancing our natural assets are a critical part of what we value as a community, and we recognise that we need to work hard and courageously for our future. We know that ongoing education and strong environmental leadership are key to ensuring our positive impact.</p> <p>We have a collective responsibility to play a role in conservation, protection, and remediation of our environment. We prioritise minimising waste, champion renewable energy, actively respond to the impacts of climate change, and will enable the preservation of our surroundings. We will make decisions and take action to ensure the health and sustainability of our waterways, wildlife, vegetation, and landscapes. We know that what we do now, will ensure the strength of our environment for generations to come.</p>
Expanding the Economy	<p>We are a growing region with an expanding sense of opportunity, and we will capitalise on those possibilities for the benefit of all. Strategic economic development, revitalising key locations, establishing new industry partnerships and renewing our commitment to education and employment for young people are just the starting points. These initiatives, and others like them, will create new opportunities for local employment, create new social enterprises and facilitate a culture of innovation that will bring new people and businesses to the region.</p> <p>We value an economy that blends the rural with the urban. Our point of difference is how well we have done this. Our CBD is vibrant, interesting, and active and our rural communities are all uniquely prosperous and protected. We have a strong and sustainable future.</p>
Enhancing our Lifestyle	<p>For us, creating a liveable community means having the right balance. We love the feeling of being a country town, but highly value our ability to access services, events and opportunities that enhance our quality of life and bring us closer together. Together we are activating public spaces, increasing access to green spaces, and delivering a range of safe and welcoming amenities – like walking and cycling routes, that promote healthy living and enjoyment of the natural world. Reliable public transport is key to keeping our growing population mobile, so we are focused on improving the commuter experience. We will continue to acknowledge the Aboriginal and Torres Strait Islander culture that shapes our community and celebrate our diverse community through a range of cultural experiences.</p>
Growing with Integrity	<p>We know that our community is attractive and appealing to many people. We are accessible, affordable, inclusive, safe, and engaging and we have made it our priority to ensure we offer this to our new community members. Our planning puts people, families and community at the forefront of decision making and you can see that in the way our neighbourhoods, services and facilities have grown. We have welcomed new people, and they have become valued and integral members of our community.</p>

## 2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2022/23 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

## 2.1 Strengthening our Leadership

We are a responsible and compassionate community, committed to working together to build a future based on our collective needs and priorities. We use our local experiences and wisdom to drive strategic decision making, support our leaders and make sure the things that are important to us happen.

We value transparent and meaningful communication – we discuss the difficult and uncomfortable, whilst also celebrating our good.

We prioritise building strong relationships with each other, and with the organisations and groups that will help us ensure we have access to the resources and services we need. As a community we recognise that we are stronger, and more sustainable when we work together.

## 2.5 Enhancing our Lifestyle

For us, creating a liveable community means having the right balance. We love the feeling of being a country town, but highly value our ability to access services, events and opportunities that enhance our quality of life and bring us closer together. Together we are activating public spaces, increasing access to green spaces, and delivering a range of safe and welcoming amenities – like walking and cycling routes, that promote healthy living and enjoyment of the natural world. Reliable public transport is key to keeping our growing population mobile, so we are focused on improving the commuter experience. We will continue to acknowledge the Aboriginal and Torres Strait Islander culture that shapes our community and celebrate our diverse community through a range of cultural experiences.

## 2.6 Growing with Integrity

We know that our community is attractive and appealing to many people. We are accessible, affordable, inclusive, safe, and engaging and we have made it our priority to ensure we offer this to our new community members. Our planning puts people, families and community at the forefront of decision making and you can see that in the way our neighbourhoods, services and facilities have grown. We have welcomed new people, and they have become valued and integral members of our community.

## 4. Notes to the financial statements

This section presents detailed information on material components of the financial statements.

### 4.1 Comprehensive Income Statement

#### 4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the Local Government Act 2020, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2022/23 the FGRS cap has been set at 1.75%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 1.75% in line with the rate cap.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2021/22 Forecast Actual \$'000	2022/23 Budget \$'000	Change \$'000	%

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2022/23: estimated \$293,000 and 2021/22: \$287,000)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates

The rate and amount of rates payable in relation to land in each category of differential are set out above.

Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described below) by the relevant percentages (refer 4.1.1(b)).

Council considers that each differential rate will contribute to the equitable and efficient carrying out of council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

#### **Type and Description**

##### **General**

All land except where otherwise classified.

**General rate – 100%:** The objective of this general rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets
- Development and provision of health, recreation and community services
- Provision of general support services.

##### **Vacant General Land**

Any land which:

1. is located within a General Residential, Neighbourhood Residential or Residential Growth Zone under the Wangaratta Planning Scheme; and
2. on which there is no building affixed to the land which is designed and constructed primarily for residential purposes and can lawfully be used as a place of residence.

**Rating differential – 200%:** The objective of the Vacant General Land differential rate is to encourage development of this class of property.

##### **Rural Residential Land**

Any land:

1. which does not have the characteristics of Commercial/Industrial Land; and
- 2.1 is located within a Rural Living 1 Zone, Rural Living 2 Zone, Low Density Residential Zone, or Township Zone under the Wangaratta Planning Scheme; or
- 2.2(i) is located within a Farming Zone or Rural Conservation Zone under the Wangaratta Planning Scheme and is less than 8ha in area,
- 2.2(ii) except where the land is a component of a single farm enterprise [as defined in Section 9A(5) of the Fire Services Property Levy Act 2012]; and
- 2.2(iii) is not less than 2ha; and
3. on which there is a building affixed to the land which is designed and constructed primarily for residential purposes and can lawfully be used as a place of residence.

**Rating differential – 100%:** The objective of this differential rate is to reflect that the reduced benefits received by this lower density property are reflected in property values, and therefore, no discounted rate should be applied.

##### **Vacant Rural Residential Land**

Any land:

1. which does not have the characteristics of Commercial/Industrial Land; and
- 2.1 is located within a Rural Living 1 Zone, Rural Living 2 Zone, Low Density Residential Zone, or Township Zone under the Wangaratta Planning Scheme;
- 2.2(i) except where the land is a component of a single farm enterprise [as defined in Section 9A(5) of the Fire Services Property Levy Act 2012]; and
- 2.2(ii) is not less than 2ha; and
3. on which there is no building affixed to the land which is designed and constructed primarily for residential purposes and can lawfully be used as a place of residence.

**Rating differential – 200%:** The objective of the Vacant Rural Residential Land differential rate is to encourage development of this class of property.

##### **Rural 1 Land**

Any land:

1. which does not have the characteristics of Commercial/Industrial Land; and
- 2.1 is located within a Farming Zone or Rural Conservation Zone under the Wangaratta Planning Scheme and is not less than 8ha in area; or
- 2.2(i) is a component of a single farm enterprise [as defined in Section 9A(5) of the Fire Services Property Levy Act 2012]; and
- 2.2(ii) is not less than 2ha.

**Rating differential – 70%:** The objective of the Rural Land differential rate is to recognise the reduced infrastructure investment and provision of services to this class of property.

## Rural 2 Land

Any land:

1. which does not have the characteristics of Commercial/Industrial Land; and
- 2.1 is located within a Farming Zone or Rural Conservation Zone under the Wangaratta Planning Scheme and is greater than 40ha in area; or
- 2.2(i) is a component of a single farm enterprise [as defined in Section 9A(5) of the Fire Services Property Levy Act 2012], and when combined total an area greater than 40ha; and
- 2.2(ii) is not less than 2ha.

**Rating differential – 65%:** The objective of the Rural Land differential rate is to recognise the reduced infrastructure investment and provision of services to this class of property. This differential rate also recognises the land stewardship and amenity that large rural holdings provide to the rural landscape.

## Commercial

Any land which is:

- 1.1 located within Mixed Use Zone, Industrial Zone 1, Commercial Zone 1-2, or Special Use Zone 1-4 under the Wangaratta Planning Scheme; and
- 1.2 is used primarily for commercial purposes or is obviously adapted or designed to be used primarily for commercial purposes; or
2. is used for commercial purposes or is obviously adapted or designed to be used for commercial purposes and is not the owner/s principal place of residence; or
3. is allocated an Australian Valuation Property Classification Code that correlates with the Commercial classification of the Fire Services Property Levy.

**Rating differential – 138%:** The objective of the Commercial rate is to recognise the benefits derived by this class of property including higher infrastructure investment and general support services.

## Industrial

Any land which is:

- 1.1 located within Mixed Use Zone, Industrial Zone 1, Commercial Zone 1-2, or Special Use Zone 1-4 under the Wangaratta Planning Scheme; and
- 1.2 is used primarily for industrial purposes or is obviously adapted or designed to be used primarily for industrial purposes; or
2. is used for industrial purposes or is obviously adapted or designed to be used for industrial purposes and is not the owner/s principal place of residence; or
3. is allocated an Australian Valuation Property Classification Code that correlates with the Industrial classification of the Fire Services Property Levy.

**Rating differential – 138%:** The objective of the Industrial rate is to recognise the benefits derived by this class of property including higher infrastructure investment and general support services.

## Vacant Commercial/ Industrial Land

1. Any land which is located within:

- Mixed use Zone
- Industrial Zone 1
- Commercial Zone 1-2
- Special Use Zone 1-4

under the Wangaratta Planning Scheme; and

2. has developed infrastructure and utilities available to it but in respect of which no commercial or industrial use of occurring; and
3. on which there is no building affixed to the land which cannot be lawfully occupied.

**Rating differential – 200%:** The objective of the Vacant Commercial/Industrial differential rate is to recognise the benefits derived by this class of property including higher infrastructure investment and general support services and to encourage development of this class of property.

#### General Vacant > Three Years

1. Any land which is located within:
  - General Residential Zone
  - Neighbourhood Residential Zone
  - Residential Growth Zoneunder the Wangaratta Planning Scheme; and
2. on which there is no building affixed to the land which is designed and constructed primarily for residential purposes and can lawfully be used as a place of residence; and
3. which has been vacant for more than three years at 1 July; and
4. which has not changed ownership for more than three years at 1 July.

**Rating differential – 260%:** The objective of the General Vacant > Three Years differential rate is to encourage development of medium to long-term unimproved residential property.

#### Mixed Use

Any land:

- 1.1 on which there is a building, at least part of which is used, designed or adapted for the carrying out of the manufacture or production of, or the trade in, goods and services and is occupied for that purpose; and
- 1.2 on which there is a building, at least part of which is used, designed or adapted as a principal place of residence and is lawfully occupied as such; and
- 1.3 both the part of the land which meets the requirements of subparagraph 1.1 and the part of the land which meets the requirements of subparagraph 1.2 is occupied by the ratepayer; or
- 1.4 where there is more than one ratepayer, at least one of those ratepayers occupies both the parts of the land which meets the requirements of subparagraph 1.1 and the part of the land which meets the requirements of subparagraph 1.2.

**Rating differential – 119%:** The objective of the Mixed Use differential rate is to recognise the benefits derived by this class of property including higher infrastructure investment and general support services when compared to the General differential category.

### 4.1.2 Statutory fees and fines

<b>Total statutory fees and fines</b>	<b>1,443</b>	<b>1,440</b>	<b>(3)</b>	<b>-0.23%</b>

Statutory fees relate mainly to fees and fines levied in accordance with legislation and include animal registrations, Public Health and Wellbeing Act 2008 registrations, planning and building fees and parking fines. Statutory fees are set in accordance with legislative requirements.

A detailed listing of statutory fees is included in Section 6.

### 4.1.3 User fees

<b>Total user fees</b>	<b>11,014</b>	<b>12,524</b>	<b>1,510</b>	<b>13.71%</b>

User Fees relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include the use of leisure, entertainment and other community facilities and the provision of community services such as family day care and home help services. The setting of user fees is guided by the principles outlined in the Revenue and Rating Plan.

User fees are projected to increase by 13.7% or \$1.51m in 2022/23. This is reflective of the anticipated return to normalised utilisation of Council services following the COVID-19 restrictions which continued through the first half of 2021/22. Aged & Community Care user fees have increased due to changes to the government funding model for related programs, and Children's Services is budgeted to increase due to increased utilisation assumptions.

A detailed listing of fees and charges is included in Section 6.

#### 4.1.4 Grants

Operating grants and contributions include all monies received from State and Federal sources for the purposes of funding the delivery of Council's services to ratepayers. Operating grants are expected to decrease in 2022/23 as the 2021/22 forecast includes 75% of the 2022/23 Federal Financial Assistance Grants, compared to the usual 50% in advance as a result of a Federal Budget decision. Further, a number of non-recurrent operating grant funded programs are finalised, including the Gun Club Rehabilitation, Supporting Pest, Animal and Weed Management program and COVID support programs including Business Conceirge and Outdoor Activation.

Capital grants include all monies received from State, Federal and community sources for the purposes of funding the capital works program. Overall the level of capital grants is expected to remain stable. Capital grants fluctuate year on year depending on the funding programs announced by the State and Federal Governments.

#### 4.1.5 Contributions

	Forecast	Budget	Change	
	Actual	2022/23	\$'000	%
	2021/22	2022/23		
	\$'000	\$'000	\$'000	%
Monetary	823	325	(498)	-60.50%

<b>Total contributions</b>	<b>2,523</b>	<b>2,025</b>	<b>(498)</b>	<b>-19.73%</b>

Monetary contributions relate to monies received from Developer Contributions and community sources for the purposes of funding the capital works program. Non-monetary contributions relate to assets that arise out of new subdivisions within the municipality and are vested with Council.

The level of monetary contributions expected for 2022/23 is \$325k which is a decrease of \$498k or 60% compared to 2021/22, largely due to non-recurrent developer contributions received in 2021/22.

#### 4.1.6 Other income

	Forecast	Budget	Change	
	Actual	2022/23	\$'000	%
	2021/22	2022/23		
	\$'000	\$'000	\$'000	%
Interest	157	264	107	68.15%

Other	296	229	(67)	-22.71%
<b>Total other income</b>	<b>457</b>	<b>497</b>	<b>40</b>	<b>8.75%</b>

Other income relates to a range of items such as private works, cost recoups and other miscellaneous items. It also includes interest on investments and reimbursements for emergency response and restoration costs.

Income from interest on investments is projected to increase in 2022/23 by \$107k or 68% due to the availability of more favourable interest rates within the parameters of Council's investment policy and cash received in advance held as unearned income (see note 4.2.2).

#### 4.1.7 Employee costs

	Forecast	Budget	Change	
	Actual	2022/23	\$'000	%
	2021/22	2022/23		
	\$'000	\$'000	\$'000	%

Other	248	217	(31)	-12.54%
<b>Total employee costs</b>	<b>27,984</b>	<b>28,804</b>	<b>821</b>	<b>2.93%</b>

Employee costs include all labour related expenditure such as wages and salaries and on-costs such as allowances, leave entitlements, employer superannuation, WorkCover, etc. Employee costs are forecast to increase by 2.93% or \$821k compared to 2021/22 forecast. Salary and Wages have been budgeted in accordance with Council's 2018 Enterprise Bargaining Agreement 2017 - 2021 and include provision for the Superannuation Guarantee increase as at 1 July 2022.

The 2022/23 budget has been prepared on the assumption that Council has a full complement of staff to the approved FTE level. Council's forecast employee costs for 2021/22 are impacted by reductions due to COVID-19 restrictions in the first half of the year.

#### 4.1.8 Materials and services

	Forecast	Budget	Change

<b>Total materials and services</b>	<b>25,925</b>	<b>23,184</b>	<b>(2,741)</b>	<b>-10.57%</b>

Materials and services include the purchase of consumables, payments to contractors for the provision of services and utility costs. It is forecast to decrease by 10.57% or \$2.74 million compared to 2021/22 forecast.

Council incurred a number of non-recurring expenses in 2021/2, evidenced by the decrease in materials and services expenditure budgeted for 2022/23. A significant amount of the non-recurrent expenditure related to grant funded programs including the rehabilitation of the Gun Club, Supporting Pest, Animal and Weed Management program and COVID recovery programs including Business Concierge and Outdoor Activation.

#### 4.1.9 Depreciation

	Forecast	Budget	Change	
	Actual			
	2021/22	2022/23		
	\$'000	\$'000	\$'000	%
Property	1,399	1,352	(47)	-3.35%

<b>Total depreciation</b>	<b>17,485</b>	<b>16,900</b>	<b>(585)</b>	<b>-3.35%</b>

Depreciation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads and drains.

Refer to section 4.5. "Capital Works Program" for a more detailed analysis of Council's capital works program for the 2022/23 year.

The forecast reduction of \$585k or 3.35% between 2021/22 and 2022/23 is explained by a review of useful lives of a number of asset classes.

#### 4.1.10 Amortisation - Intangible assets

	Forecast Actual 2021/22 \$'000	Budget 2022/23 \$'000	Change

<b>Total other expenses</b>	<b>2,823</b>	<b>468</b>	<b>(2,355)</b>	<b>-83.43%</b>

Write off of assets works in progress relates to completed capital works where the expenditure does not meet the asset recognition criteria and can therefore not be capitalised. During 2021/22 write offs occurred in relation to utility services relocation for the Railway Precinct occurred, in addition to works relating to other minor projects.

## **4.2 Balance Sheet**

### **4.2.1 Assets**

Cash and cash equivalents and other financial assets include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of three months or less. These balances are projected to reduce between 2021/22 and 2022/23 as funds are used for the delivery of Council's operations and capital works program.

Trade and other receivables are monies owed to Council by ratepayers and others. Short term debtors are not expected to change significantly in the budget.

Other assets includes items such as prepayments for expenses that Council has paid in advance of service delivery, inventories or stocks held for sale or consumption in Council's services and other revenues due to be received in the next 12 months. It also includes land held for sale in the next 12 months.

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles, equipment, etc which has been built up by Council over many years. The \$20.39 million increase in this balance is attributable to the net result of the capital works program, depreciation of assets and disposals through sale of property, plant and equipment.

### **4.2.2 Liabilities**

Total current liabilities are expected to reduce in 2022/23 compared to 2021/22.

The decrease in current liabilities represents obligations that Council must pay within the next twelve months. Unearned income reflects funds received by Council in advance of performing the associated obligation, for example grant funding for capital works. This balance will reduce in 2022/23 compared to 2021/22 as Council delivers the capital works for which government funding has already been received, including the WSAC extension and flood mitigation project.

Provisions include accrued long service leave, annual leave and rostered days off owing to employees and for landfill rehabilitation.

Interest-bearing loans and borrowings are forecast to decrease, reflecting repayment of borrowings. No further new borrowings are budgeted for in the 2022/23 financial year.

### 4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast Actual 2021/22 \$	Budget 2022/23 \$
Amount borrowed as at 30 June of the prior year	32,066	30,410
Amount proposed to be borrowed	1,000	0
Amount projected to be redeemed	(2,656)	(2,667)
<b>Amount of borrowings as at 30 June</b>	<b>30,410</b>	<b>27,743</b>

No new borrowings are proposed for 2022/23.

### 4.2.4 Leases by category

As a result of the introduction of *AASB 16 Leases*, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast Actual 2020/21 \$	Budget 2021/22 \$
<b>Right-of-use assets</b>	-	-
Property	-	-
Vehicles	453	239
Other, etc.	-	-
<b>Total right-of-use assets</b>	<b>453</b>	<b>239</b>
<b>Lease liabilities</b>		
<b>Current lease Liabilities</b>		
Land and buildings	-	-

Other, etc.	-	-
<b>Total non-current lease liabilities</b>	<b>263</b>	<b>111</b>
<b>Total lease liabilities</b>	<b>486</b>	<b>263</b>

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities.

## 4.3 Statement of changes in Equity

### 4.3.1 Reserves

Other reserves are budgeted to increase by a net \$4.1 million in the 2022/23 year. It is estimated that the waste and landfill reserve will have a balance at 30 June 2022 of \$22.32 million for future capital works and rehabilitation activities.

### 4.3.2 Equity

Total equity is budgeted to increase by \$17.54 million from 2021/22.

Total equity always equals net assets and is made up of the following components:

1. Asset revaluation reserve which represents the difference between the previously recorded value of assets and their current valuations.
2. Other reserves that are funds that Council wishes to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability. These amounts are transferred from the surplus of the Council to be separately disclosed.

## 4.4 Statement of Cash Flows

This section analyses the expected cash flows from the operating, investing and financing activities of Council for the 2022/23 year. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

The analysis is based on three main categories of cash flows:

### 4.4.1 Net cash flows provided by/used in operating activities

**Operating activities** - Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt.

Council's operating cash flows are strong, with a reduction in materials and services payments in 2022/23 when compared to 2021/22. This is largely attributable to higher than usual payments in 2021/22 for items such as (i) rehabilitation of the landfill site, (ii) rehabilitation of the gun club; and (iii) Council and State Government funded grant programs in relation to Covid-19 recovery.

### 4.4.2 Net cash flows provided by/used in investing activities

**Investing activities** - Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment.

Council's investment activities relate primarily to the capital works program which is expected to be \$37.14 million in 2022/23. Council plans to sell industrial land during 2022/23 with proceeds of \$768k (subject to qualified valuation).

### 4.4.3 Net cash flows provided by/used in financing activities

**Financing activities** - Refers to cash generated or used in the financing of Council functions and includes borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principal component of loan repayments for the year.

No new borrowings are planned for 2022/23. Borrowings are forecast to be required in the later forecast years to fund Council's capital works program. These borrowings are within the parameters of Council's financial policy statements in relation to indebtedness.

## 4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2022/23 year, classified by expenditure type and funding source. Works are also disclosed as the total 22/23 budget and the capital expenditure that is carried forward from prior year.

## **Notes to indicators**

### **1. Adjusted underlying result**

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Council's financial performance is considered medium to high risk according to the Victorian Auditor General Office. Council's adjusted underlying result is steady over the Strategic Resource Plan years and work relating to improving Council's financial sustainability is ongoing, which aims to improve this indicator over the life of the Long-Term Financial Plan.

### **2. Working Capital**

The proportion of current liabilities represented by current assets. Working capital is considered low risk according to the Victorian Auditor General Office.

### **3. Unrestricted Cash**

Council's unrestricted cash fluctuates with the size of the capital works program and the timing of debt repayments and new borrowings.

### **4. Debt compared to rates**

Current forecast indicates Council's reliance on debt against its annual rate revenue due to borrowing for key infrastructure projects. The projected trend reflects the pay back of this debt.

### **5. Indebtedness**

Council is assessed as high risk according to the Victorian Auditor General Office indicators. This is largely due to Council increasing its borrowings in the short term and an existing interest only loan remaining not payable until the 2025/26 year. The indicator improves markedly once the interest only loan has been repaid. All other loans are on principal and interest terms.

### **6. Asset renewal**

This percentage indicates the extent to which Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means Council's assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets. Council aims for an average of between 90% - 105% over ten years for this indicator.

### **7. Rates concentration**

Reflects extent of reliance on rate revenues to fund all of Council's ongoing services. Trend indicates Council will become more reliant on rate revenue compared to all other revenue sources.
