Notes

1. User Fees
User Fees are \$397k below YTD budget. This unfavourable variance is largely due to timing differences relating to Long Day Child Care Centre (\$220k), Home Care (\$95k) and WSAC Projects (\$82k).

2. Contributions - Cash
Contributions - Cash are \$1.31m above YTD budget. This favourable variance is due to timing issues relating to developer contributions (\$1.31m).

Projected Full Year Forecast is \$1.06m above adopted budget. This favourable variance is due to receiving previously unexpected developer contributions (\$1.06m).

3. Grants - Operating
Grants - Operating are \$1.31m above YTD budget. This favourable variance is largely due to timing differences relating to Community Care (\$594k) and Organics Processing (\$328k).
Additional known variances from prior periods include timing differences relating to Strengthening Rural Communities (\$173k).
Grants - Operating Projected Full Year forecast is \$3.83m below adopted budget. This unfavourable variance is largely due to a reduction in expected financial assistance grants by \$4.29m. This adjustment was made due to uncertainty of which financial year the payment will fall under and be recognised in. This movement was partially offset by an increase to grant funding relating to the Ovens & Murray Multicultural Area Partnership (\$372k).

4. Grants - Capital
Grants - Capital are \$8.67m above YTD budget. This favourable variance is largely due to timing differences relating to the Wangaratta Flood Mitigation Strategy (\$2.7m), Showgrounds Relief Centre (\$1.35m), Prosecco Road Masterplan (\$587k), Creative Precinct Masterplan (\$450k) and Standford Road Upgrade (\$299k).
Additional known variances from prior periods include timing differences relating to Local Roads and Community Infrastructure (\$980k) and Newman Street drainage (\$1.35m).
Grants - Capital Full Year Forecast is \$3.75m above adopted budget. This favourable variance is largely due to previously unexpected funding relating to Showgrounds Relief (\$1.6m), Prosecco Road (\$837k), Murray to Mountains Trail Enhancement (\$470k) and Federal Blackspot program (\$325k).

5. Other Revenue
Other Revenue is \$452k greater than YTD Budget. This favourable variance is largely due to increased interest income (\$376k) as a result of higher than anticipated cash balances due to unspent capital and operating funding from 22/23.
Other Revenue Projected Full Year Forecast is \$271k above adopted budget. This favourable variance has increased \$88.5k as a result of increased chargeable costs relating to tenants of the Government Centre. Additional known variances include increased interest income of \$150k as a result of higher than anticipated cash balances and rising interest rates.

6. Employee Benefits
Employee Benefits Projected Full Year Forecast Employee Benefits is \$544k above adopted budget. This unfavourable variance is partially due to casuals being recorded at the incorrect FTE within the original budget estimate for Community Care (\$150k) and the School Crossing Supervisor Program (\$109k). Additional reasons include the extension of Future Proof YACVIC (\$48k) and approval of a 12 month Safety Band 6 Role (\$85k).

7. Materials and Services
Materials and Services is \$1.68m below YTD budget. This favourable variance is largely due to timing differences relating to Bowser Landfill (\$316k), WSAC Projects (\$256k), Home Care (\$240k), Marketing & Branding (\$221k), Business Systems (\$210k), Parks & Gardens (\$96k), Plant & Fleet (\$82k).

Materials and Services Projected Full Year Forecast is \$1.71m greater than adopted budget. This unfavourable variance is largely due to increased Facilities costs (\$500k) as a result of an ongoing review of costs in that area. This amount consists of increases to the original budget to better align with invoices received this year. Additional variances include carryovers relating to Detour Road Irrigation Pipeline (\$294k), increases to the Ovens & Murray Multicultural Regional Area Partnership (\$218k) (offset by funding increase), increases to reactive Arboriculture works (\$162k).

8. Other Expenses
Other Expenses is \$551k above YTD budget. This unfavourable variance is due to unexpected WIP write-offs (\$551k) in the current period.
Other Expenses Projected Full Year Forecast is \$751k greater than adopted budget. This unfavourable variance is largely due to an increase in expected WIP write-offs (\$750k) as part of the ongoing assets clean up.

Notes	
1. Cash and Cash Equivalents	Cash and Cash Equivalents have decreased in January. This is largely due to general operation of the business.
2. Rate Receivables	The balance reflects outstanding rates for the financial year and will reduce progressively over the course of financial year, as instalments fall due and payments are made by ratepayers.
3. Other receivables - current	Balance is reflective of debtor invoices issued but not yet paid. This account will fluctuate during the year as invoices are received and paid by debtors and the timing of when the figures are taken for reporting.
4. Property, plant and equipment and infrastructure	Decrease in PP&E relates to depreciation for the current period.
5. Payables - current	Payables - current balance is reflective of supplier invoices received but not yet paid. This account will fluctuate during the year as invoices are received and paid as part of Council operations. Invoices are generally paid when they are due, not when received.

Notes

Delivery of \$17.8m of Council's 23/24 capital works program was completed as at 31st January 2024, with a further \$11.4M of works committed.

YTD performance as at 31st January is \$2.33m behind budget performance. The full year forecast has increased by \$1.5m from Q1 forecast review.

Major increases from Q1 relate to:

- Murray to Mountains Trail Enhancements (\$470k) (Fully funded project)
- Federal Blackspot Program (\$325k) (Fully funded project)
- Organics Processing Plant (\$200k) (\$160k funded)
